AMERICA AND POWERS GIVE CHINA WAR ULTIMATUM

River Pei Must be Thrown Open for Navigation or Taku Forts Will be Bombarded

(BY CABLE AND ASSOCIATED PRESS)
PEKING, March 16.—The United States and other powers today delivered an ultimatum to Chinese factions demanding that blockade of the port of Tien-tsin be ended and all impediments to harbor and river traffic be removed by Thursday noon.

The ultimatum, signed by signatories of the protocol of 1901, was handed to the commanders of the forts at Taku and Chinese vessels outside of Tien-tsin. The United States, Great Britain, Japan and Italy have a dozen or more craft in these waters.

The protocol of 1901 made stipulations concerning the disarmament of forts at the mouth of the Pei River, on which Tien-tsin is located, and also guaranteed an open way to the sea.

The blockade has been preventing access to Peking from the sea and recently resulted in Chinese troops firing upon two Japanese destroyers.

TEXT OF ULTIMATUM

The action of the powers was made known to the Chinese Foreign Office in the following memorandum forwarded by the Doyen of the Diplomatic Corps:

"In order to maintain the general treaty right to international commerce and particularly the right to free access from the capital to the sea, provided in the protocol of 1901, the powers concerned demanded:

"1.—Hostilities in the channel from the Taku Bar to Tien-tsin must be discontinued; 2.—The mines and other obstructions must be removed; 3.—Navigation signals must be restored and not further molested; 4.—Combatant vessels must remain outside the bar and refrain from interference with foreign ships; 5.—Searches of foreign vessels, except by customs authorities, must be discontinued.

"If satisfactory assurances of these points are not received by noon of Thursday, the 18th inst., the naval authorities of the foreign powers will proceed to such measures as they find necessary for the purpose of removing and suppressing obstructions to free and safe navigation of the channel."

RUSSIAN VESSEL CARRYING GUNS SEIZED

(BY CABLE AND ASSOCIATED PRESS)
TIENTSIN, March 16.—The Russian ship Oleg, with a large cargo of munitions, was seized today at Taku by Feng-tien warships of Marshal Chang Tso-Lin. Manchurian warlord. The warships have been blockading the port for several days to prevent supplies reaching the Kuomintang, national peoples' army, supporting the Peking government.

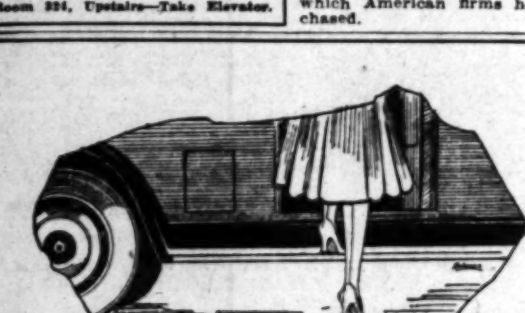

The Oleg was boarded soon by marines from the Feng-tien warships, which had guns trained, anchored on each side, playing

Coolidge's Physician Calls in Sleigh

Dr. Albert W. Cram on a Visit to Col. Coolidge
Automobile and Vermont snow do not mix, so when Dr. Cram pays a call at the bedside of Col. Coolidge, the President's father, he goes in a "cutter."

RARE EGGS EASTER GIFT TO COOLIDGE

Products From Araucana
Fowl Sent White House
by Purdue Professor

(BY A. P. NIGHT WIRE)
LAFAYETTE (Ind.), March 16.—Easter morning breakfast can be an expensive feast at the White House this year, for President Coolidge and his family will have 100-a-dozen eggs ready to serve.

The eggs are those of the Araucana, and will be the gift of L. H. Schwartz of the poultry department of Purdue University, owner of the flock.

Nor will they be required to color the eggs in true Easter fashion, for they have a natural turquoise shade.

Schwartz obtained two Araucana hens and a rooster last year from an ecological garden in Buenos Aires, and now has twenty-five birds. They thrive in Indiana, subsisting on ordinary poultry diet, and their eggs, similar to those of American varieties, boil well, without losing their color. They have the same flavor as other hens' eggs.

The Araucana is a native of Chile, but even there it is not plentiful. Its origin is indistinct. The bird is heavy-bodied, with a sleek dark-brown plumage. Through inbreeding and crossbreeding, Schwartz hopes to develop chickens with more prolific laying powers and whose eggs have a higher fertility.

CAR GOES INTO RIVER

Twenty-five Passengers Injured as
Chicago Train Leaves Trestle

(EXCLUSIVE DISPATCH)
CHICAGO, March 16.—Twenty-five passengers, most of them high-school boys and girls, were hurt this afternoon when a Berwyn-Lyons street car plunged off a trestle into the Desplaines River.

The nose of the car went into three feet of water. Some of the passengers were pinned in the car until Lyons firemen pulled them out.

Twenty of those injured were hurt so seriously they were taken to the Berwyn medical unit. The five others were able to go home after getting first-aid treatment at the scene of the wreck.

ORIENTALS PURCHASE AMERICA'S OLD PAPERS

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, March 16.—Circulation figures of publishers may not disclose it but the Chinese are wholesale buyers of American newspapers. The oriental export from this country old newspapers by the ton; a single shipment recently was comprised of 1700 bales. Eventually most of the papers return to the United States wrapped around goods which American firms have purchased.

A picture of the man who took

his own life in no way resembled the missing value, the letter says.

HAYS SHIES AT SUNDAY FIGHT

(Continued from First Page)

ship, the motion-picture public, numbering 60,000,000, is the greatest censor of motion pictures to have. Official censorship exists in but five States. In Washington they have had to take off but one picture in three years and that was because it ridiculed the police, not because it was vicious.

Julian Brylawski, chairman of the administrative committee of the Motion-Picture Theater Owners' Association of America, was another important witness. He said that motion-picture theaters in Washington now do not open until 3 p.m., out of respect for church and Sunday-school hours, but, even so, do 25 per cent of their week's business on Sunday.

Frank W. Darby, secretary of the National Association of Amusement Parks and left these two snappy sentences: "You can't correct more by legislation. You can't make a reform bill out of a revolutionary bill."

PESO RATE BOLSTERED

Mexico Circulates \$4,340,000 to Stabilize Exchange

(BY A. P. NIGHT WIRE)
SAN ANTONIO (Tex.), March 16.—To stabilize the exchange rate of the Mexican peso, the Mexican government has put \$4,340,000 into immediate circulation, according to telegraphic advices from the Treasury Department of Mexico, received today at the Mexican consulate.

Of this amount, 2,900,000 pesos have been noted in silver and 4,000,000 in gold, the dispatches stated.

DEPLORES QUARRELS OVER BIBLE

Semite Language Expert
Declares English Version
Only Translation Anyway

(EXCLUSIVE DISPATCH)
BERKELEY, March 16.—To read students of the Bible all controversy is absurd, since the majority of the quibblers know only the English version of the Bible, according to Dr. William Popper, chairman of the department of Semite languages of the University of California.

"No language can be accurately translated into any other," says Dr. Popper. "Aside from the words in the book there is the spirit and psychological background. In the case of the Hebrews, who lived so many years ago in such a different background from ours, the problem is even more difficult."

Deploping the fact that a great deal of theological discussion and controversy is carried on at the present time by the theologians who do not know Semite languages, the professor says: "It is lamentable that these theologians have not anything more than a second or third hand version of the Bible. They argue about the meaning of a text and know nothing about the language in which it was written."

Prof. Popper expressed a profound admiration for the literary qualities of the Bible, particularly in the original Hebrew. His interest in this led him to make a new translation of the prophecies of Isaiah on the basis of a corrected Hebrew text.

His work in the field of Semite languages has made Prof. Popper one of the most distinguished scholars in that field. For twenty-five years he has been working on an Egyptian history, which he has written in Arabic. The material for the history was the work of an Egyptian court attaché of the fifteenth century, and it provides a vivid picture of the life, customs and habits of the Egyptians of that time. This work is widely used by students of Egyptian history.

Speaking of his work, Prof. Popper says:

"Perhaps I may never finish it; but I have passed the way in which a younger scholar who can use the corrected text to make an English translation for the use of historians and anthropologists is interested in the life it reveals so minutely. If it is translated it will be a valuable addition to the field, as the material is full of details."

At the university Dr. Popper

gives courses in Semite languages.

ROUGH GOING IN SIGHT FOR RELIEF BILL

Members of Committee
Sharply Criticize Several
Features of Farm Measure

(BY A. P. NIGHT WIRE)

WASHINGTON, March 16.—Rough going in the House Agriculture Committee is in prospect for the farm relief bill presented today by the Middle Western delegation appointed at the recent agricultural meeting in Des Moines.

No sooner had copies of the measure been distributed among committee members than several features of it were questioned sharply.

Representative Tinker, Republican, Kansas, announced that witnesses yet to be heard would oppose vigorously the proposal to exempt corn from an equalization fee that would be levied on crops of wheat, cotton, cattle and hogs to bear the expense of marketing the farmers' surplus.

Chairman Haugen, while he made no comment today, has served notice at previous sessions that the bill contains provisions empowering the President to raise the tariff on any product to a point high enough to keep it out of America. The bill under consideration does not mention the tariff. It is understood that the farm delegates were divided on the tariff question and left it to be dealt with by the committee.

Frank Evans, secretary of the

American Farm Bureau Federation, told the committee he believed the principles embodied in his organization were embodied in the bill.

COL. COOLIDGE LOSES ENERGY

(Continued from First Page)

Hours, however, and was able to exchange a few words with them. The president's father, however, noted yesterday in Col. Coolidge's condition was described by the doctor as mental, rather than material. It had buoyed the hopes of many who have been following the progress of "the eagle's" illness by report. Early today a cheering report from the Coolidge home renewed the feeling of optimism among the neighbors. After the visit of Dr. Cram the shadow which had hung over Plymouth which Col. Coolidge had a sinking spell last Thursday, gathered again.

CONVICTED OF KILLING STEPCHILD

Conductor Found Guilty
of Beating Boy to Death
Gets Eighteen Years

(BY A. P. NIGHT WIRE)

BALTIMORE, March 16.—Ralph I. Coursey, 32-year-old trolley car conductor, today was found guilty of second-degree murder for beating to death his 5-year-old foster-son, Eldridge. He was sentenced to eighteen years in the Maryland penitentiary, the maximum penalty.

Coursey had spent the afternoon in the witness box vehemently denying his wife's accusation that he had fogged her child to death on February 6, last. Mrs. Edna May Wright Coursey, herself convicted last week of manslaughter, and related to the case, was seated in the courtroom. She was moved for a new trial.

When he stood to receive sentence, Coursey had only one remark to make.

"I would like to say, if my wife is given a new trial, I would like to testify again."

On the stand Coursey admitted

whipping Eldridge on February 6, as detailed in his confession and related by the jury.

He had denied touching the boy February 6, the day of his death.

It was reported that either

Pravoslav would make a statement or a speech in Rome demanding that Germany cease attempting to thwart another power's efforts to obtain a permanent seat at the same time she was accorded one, or that one of the Italian representatives here might read a statement, inspired by Mussolini, from the floor of the assembly when it convenes tomorrow.

Italy's interests were described

as seeking the continued unity of Brazil, to which country a sizeable portion of her surplus population emigrates annually.

Press convocation

FAVORED BY COUNCIL

(BY CABLE AND ASSOCIATED PRESS)

GENEVA (Switzerland) March 16.—At its public session this afternoon, the League Council adopted a report by Foreign Minister Van der Sijpe of Belgium favoring the convocation of a meeting of press experts to prepare for a world's press congress looking to better communication facilities between the various continents.

M. Vandervelde referred to the interest aroused by the scheme in a number of American press groups and said he had no doubt that the Latin-American press would welcome the proposal.

BERLIN FAILS TO BE

SURPRISED AT ACTION

(BY CABLE AND ASSOCIATED PRESS)

BERLIN, March 16.—Government circles express no surprise that the special session of the League Assembly is apparently about to end without result and that Germany will have to wait until fall for admission to the League of Nations. It is understood that the German delegation will leave Geneva tomorrow unless Brazil has a change of mind at the last moment, and this is regarded as extremely unlikely.

There is general satisfaction at the communique issued by the Locarno signatories at Geneva, which is accepted as proving that Germany was in no way to blame for the failure of the conference.

The determination set forth in the communique that notwithstanding the present setback, the nations which signed the Locarno agreements have resolved to carry out with their utmost energy the ideals laid down in these treaties is especially welcomed.

CASA GRANDE (Ariz.) March

16.—Harry Tuare, Philip Cohen and Jack Meadows have been held here on a charge of stealing an automobile in Los Angeles in which they arrived here from the Coast. They are said to have been stolen an Arizona license plate.

AUTO THEFT CHARGED

(EXCLUSIVE DISPATCH)

CASA GRANDE (Ariz.) March 16.—Harry Tuare, Philip Cohen and Jack Meadows have been held here on a charge of stealing an automobile in Los Angeles in which they arrived here from the Coast. They are said to have been stolen an Arizona license plate.

PLAY WILL BE CLOSED

(BY CABLE-EXCLUSIVE DISPATCH)

LONDON, March 16.—The Daily Express says Countess Cathcart's play "Ashes" will be withdrawn from the London stage next Saturday. The play had its first presentation here last night.

MEMBERS OF COMMITTEE

SHARPLY CRITICIZE SEVERAL

FEATURES OF FARM MEASURE

(BY A. P. NIGHT WIRE)

WASHINGTON, March 16.—Rough going in the House Agriculture Committee is in prospect for the farm relief bill presented today by the Middle Western delegation appointed at the recent agricultural meeting in Des Moines.

No sooner had copies of the measure been distributed among committee members than several features of it were questioned sharply.

Representative Tinker, Republican, Kansas, announced that witnesses yet to be heard would oppose vigorously the proposal to exempt corn from an equalization fee that would be levied on crops of wheat, cotton, cattle and hogs to bear the expense of marketing the farmers' surplus.

(Continued from First Page)

difficulties not connected with their own past troubles prevented the attainment of the desired end, they were happy to register that Locarno's work of peace remained intact and that they were firmly resolved to strive together to maintain it intact.

OBSTACLES OVERCOME

The text of the communique

read: "The representatives of Germany, Belgium, France, Great Britain and Italy had met to examine the situation resulting from difficulties which have arisen and which hinder the accomplishment of common wishes. They take note of the fact that they have reached an agreement and have overcome obstacles which had at one moment arisen between them."

"If, as there seems reason to feel, the above difficulties persist, the representatives of the seven powers who signed the protocol of Locarno would regret not to be able at this moment to reach the goal which they had in view, but they are happy to recognize that the work of peace which they realized at Locarno and which exists in all its value and all its force, remains intact."

"They remain attached to it today, as yesterday, and are firmly resolved to work together to maintain and develop it. They are convinced that on the occasion of the next session of the Assembly, the difficulties which exist at this moment will be surmounted and that the agreement reached with regard to the conditions for the entry of Germany into the League of Nations will be realized."

RIO DE JANEIRO PRESS

STIRRED BY IMBROGLIO

(BY CABLE AND ASSOCIATED PRESS)

RIO DE JANEIRO (Brazil) March 16.—The deadlock at Geneva and Brazil's attitude relative to Germany's admission to the League of Nations has caused much comment by the Rio de Janeiro newspapers. One group holds the extremist view, considering Germany's stand as an affront to Brazil and suggests retaliation.

Another group believes that it is Brazil's duty to continue to represent the Western Hemisphere. Still others declare that Brazil should follow the example of the United States, assume that Brazil derives no benefit from her membership in the League.

Three newspapers within the last twenty-four hours have announced that they favored boycotting German goods, if it were necessary, to sack up Brazil's claim for entry into the Council.

The Correo Roman says that Brazil is spending money in maintaining representation at Geneva, when she has not sufficient for public education. The paper adds: "International hate and greed in the countries of Europe are great evils poisoning civilization; politically we must put up the bars. Argentina has already withdrawn and the United States has shaken off the dust. Why do we insist upon remaining in an infected region?"

WEDNESDAY MORNING
RIVER BILL
GIVEN S
Action Due W
Secretary W
Year to 1

WASHINGTON, May 10.—The committee on Reclamation and Irrigation of the House of Representatives, after several months in conducting hearings on various proposals for controlling the Colorado River, will submit a report during the next three weeks.

Except for unforeseen developments, it is probable that a majority of the committee will vote in favor of the so-called Wheeler-Johnson bill—which recedes from the main views of the department of the Interior Secretary of Commerce Hoover.

Those in a position to predict probable action acknowledge that a favorable report by the committee will constitute more than a gesture agreeable to the sponsors of the bill, as it is expected that the Senate majority will decline to consider

The NEW FAIR TAX on Stock and Credit

WHEN you make out your personal property tax schedules this year, be sure to follow the provisions of the new and more favorable tax law.

Savings Deposits in a State Savings Bank are, as heretofore, NOT taxed to the depositor.

A little folder which explains in detail the change made in the law which was designed to make conditions more favorable in taxing money, credits and foreign stocks held in this State, may be obtained at any Branch of this Bank.

SECURITY BANK

More than \$230,000,000 Resources.
Capital and Surplus \$13,000,000.

KEEP YOUR SKIN CLEAR

Zemo Prevents Skin Troubles

Have no fear of dry winds or warm sun. Zemo the safe, dependable anti-sunburn liquid will keep your skin free from all blemishes. It gives instant relief in even the most severe cases of sunburn, rash, scalds, ringworm, eczema or any other skin trouble. It often soothes minor blemishes overnight. It does not show, and may be used freely in daylight.

At night you need Zemo ointment. And as a preventive bathe your skin regularly with Zemo soap. Then your skin will always remain clear and cool. All good druggists have Zemo in either form. 50c and \$1.00.—LADY-VENTUREMENT.

BATTLE ON FOR LEITER ESTATE

Nobility Fights for Control of \$100,000,000

Countess Seeks to Oust Her Brother as Trustee

Social Register Represented in Legal Struggle

(BY A. P. MORT WIRE)
CHICAGO, March 16.—The administration of the millions built up by Levi Z. Leiter, pioneer merchant prince of Chicago, in their relation to four members of the British nobility came up for review in the Superior Court of Cook county today.

Lady Marguerite Hyde, Countess of Suffolk and Berke, seconded by her three nieces, Lady Cynthia Mosley, Baroness of Ravensdale and Lady Alexandra Naldora Metcalf, daughters of Lady Curzon, once Viceroin of India, instituted the suit to oust Joseph Leiter, her brother, as a trustee of the estate, valued at \$100,000,000 to \$100,000,000. Leiter, on the other hand, is supported by another sister, Mrs. Nancy Lathrop Carver Campbell, widow of Col. Colin Campbell of the British army, and her three children.

Opening statements by Frank H. Scott, attorney for the Countess of Suffolk, and George A. Cooke, counsel for Lady Cynthia and her sisters, occupied today's court session. Both lawyers reiterated charges of gross mismanagement and dereliction of duty by Joseph Leiter, principally regarding the handling of coal mining properties and an extensive ranch in Wyoming, which also involved an irrigation project.

LEITER SMILES AT TIMES
Mrs. Campbell, accompanied by Mrs. Leiter, sat at a table with Leiter, a huge, florid man, and industriously placed needles and fancy-work throughout the session. Leiter at times smiled broadly at the lawyers' statements of his asserted mismanagement, leaped from accusations of improperly applying small sums to figures of seven digits.

The Countess of Suffolk, tall, pale and clad entirely in black, sat across the room from those who opposed her, backed by Col. E. S. Gillett, her British solicitor. The two groups did not seem aware of the presence of each other. There was no greeting, nor was a smile passed all day.

Under Levi Z. Leiter's will, Joseph, the Countess and Mrs. Campbell were made trustees, along with Mrs. Leiter, the widow, and Seymour Morris, both of whom since have died.

The first three, with William J. Warr, now are the trustees.

WARR OPPOSED AS TRUSTEE
In outlining their reasons for seeking the removal of Leiter, both attorneys said Warr for years had been a Leiter employee and had been dominated by Joseph Leiter. The Countess never recognized Warr as a trustee, holding that the will provided "all" the trustees should agree, upon replacements necessitated by deaths. She opposed the others in selecting Warr as a trustee.

In addition to the asserted mismanagement of the Leiter mining properties and the Wyoming ranch, Joseph Leiter also was accused of selling and leasing property without referring the matter to the other trustees; refusing in 1923 to draw checks for the account of the Countess; diverting estate monies as if they were his own; organizing a Delaware corporation to handle the Leiter properties when the will provided that only an Illinois corporation should be formed; taking \$60,000 a year salary for five years as president of the Leiter Coal Company and leasing out all the mining work; purchasing a railroad from estate funds and then reselling the road to the estate at an advanced price and acting improperly in not applying the income of the Leiter mines to their outright purchase for \$1,000,000 as provided in the will.

Leiter recently purchased the mines for \$3,000,000, which represented principal and interest. The properties, according to Attorney Scott, have been valued at \$10,000,000.

THIRD TEST IN LAW CURB ON LYNCHING

White Man to Face Trial and Possible Execution in Negro Girl Attack Case

(EXCLUSIVE DISPATCH)
LEXINGTON (Ky.) March 16.—Lexington soon will be the scene of the third and supreme test of the State law enacted for the purpose of preventing lynchings, often the sequence in the South in cases involving crimes against women. A white man is to face trial and possible execution for an asserted offense against a negro girl.

Since the State Legislature enacted a law making death by hanging the only penalty possible on conviction of attacks on women, two negroes have been executed under the act.

Five days before Harris, the second victim, was hanged, Charles McCreath, 28 years of age, member of a well-known and prosperous white family, was accused of attacking two negro girls, sisters. He was indicted by the Fayette county grand jury and his trial is scheduled for April 15, next. This is the first case on record in Kentucky in which a white man is accused of a crime against a negro. It also is considered a case of a criminal offense against the final test of the new law.

GIRL'S EXPENSES COMPUTED
(EXCLUSIVE DISPATCH)
TUCSON (Ariz.) March 16.—At the university, estimate has been made that the average girl student in the sororities spends \$820 during the two semesters of a term, while a dormitory girl gets along on from \$411 to \$707. The figures are inclusive of all personal expense and amusement and of tuition fees.

Radio programs are now supplied to all telephone subscribers at The Hague in Holland.

Coolidge Sees Improvement in Mexico Affairs

(BY A. P. MORT WIRE)

WASHINGTON, March 16.—Continued improvement in the relationship between the United States and Mexico, is expected by President Coolidge.

In the opinion of the President, as disclosed today at the White House, every issue in the controversy over the new Mexican land and petroleum laws is yielding to diplomatic treatment.

FORBES EXPECTED TO PRESENT SELF AT JAIL

(EXCLUSIVE DISPATCH)
CHICAGO, March 16.—Although commitment papers under which Col. Charles R. Forbes, former head of the Veterans' Bureau, will go to jail for two years, probably next week, it is understood here that he will not await the carrying out of these formalities, but will present himself at the penitentiary in advance, thus escaping being taken into custody by a marshal. John W. Thompson, convicted with Col. Forbes, is reported ill.

BAKERS ADMIT MERGER CURBS

Firms Bought by Combine Limited in Activities

Continental in Statement to Federal Examiner

Agent Denies Accusation of Operating Trust

(BY A. P. MORT WIRE)
NEW YORK, March 16.—The Continental Baking Company today, through George O. Barber, chairman of the board of directors, admitted limiting the activity of officers, directors and stockholders of firms acquired, but asserted that its holdings in eighty-three firms could not exert a monopoly, as they produced only 4.2 per cent of the bread consumed in this country.

Mr. Barber, in testifying before John W. Addison, examiner for the Federal Trade Commission, said that the members of companies acquired were forbidden by contract to re-enter the bakery business within five years or within fifty miles of their original business. He

BE YOUR OWN TRAFFIC JUDGE!

(BY A. P. MORT WIRE)

CHICAGO, March 16.—A "fine yourself" system of punishing traffic violators, eliminating formal court procedure and loss of time to offenders, is to be given a trial in Chicago. In the future violators of the minor traffic laws will be given cards by officers. The penalty for the offense noted by the policeman is listed on the card and must be forwarded to the court. On the card is a blank waiver and plea of guilty which the violator must sign in the presence of the officers unless he wishes a summons to appear in court, as was the former custom. The system will be inaugurated tomorrow.

presented statistics which he said were based on the largest survey ever made of the baking industry. He asserted that 57,000,000 persons were served in the territory where the Continental Company operates. The Continental's daily business, based on a five-day week, averaged 3,200,000 pounds of bread and rolls, or 8 per cent of the baker bread consumed. He said that probably 40 per cent of the housewives still baked their own bread.

He testified that in the territory where the Continental Company operates it owns 347 ovens out of a total of 38,520.

A statement issued today by the company showed that in the eighty-three cities where the Continental Company operates, only ten cities have shown decrease in small bakers' businesses, and these

PARIS MEDICINE CO., Des Moines and Pico Streets, St. Louis, Mo.

FAITH

TRUST in humanity engenders and strengthens faith in an earthly and spiritual future, than which there is no happier or more ennobling outlook upon life.

Such trust is created through constant contact with those characters who inspire confidence. These are the stalwarts who, by association one with another, establish within themselves a boundless faith in humanity and so create a love for life in its finer aspects.

The purpose of the Pacific Palisades Association is to gather together within a friendly community those desirable persons whose common aim is to seek the good, the beautiful and the true in life and to whom cultural environment is an inspiration and an incentive.

To dwell in contact with such companionship, amid the natural beauty offered by Pacific Palisades overlooking Santa Monica Bay, is to approach the ideal state insofar as this world has to offer.

A very handsome illustrated de luxe book is now being prepared. This book shows unusually beautiful panoramic scenes of the surrounding land and sea as viewed from Pacific Palisades and describes in detail the aims and purpose of this community and institution. A limited edition has been ordered and these books will be sent out until the supply is exhausted. A copy will be reserved for and sent without obligation to those who use the request blank below.

PACIFIC PALISADES

A Community and an Institution

PACIFIC PALISADES ASSOCIATION, PACIFIC PALISADES, CALIFORNIA

Please reserve for me a copy of the illustrated book describing your aims and purpose. And when ready, send it to me without cost or obligation.

SHOW-DOWN DUE OVER BRAZILL

to Ask Angels to Make Offer for Player

tern Club's Option Has Now Elapsed

Refer Ready for Seraphs to Complete Deal

(EXCLUSIVE DISPATCH) BRATTLE BASEBALL TRAINING CAMP, HERMOSA BEACH

March 16.—The seventy-two hours of grace asked by the eastern club which is or was interested in obtaining the services of Frank Brazill ended at midnight last night and unless a telegram sent that club by Wade Killefer this morning taking a final decision is answered by tonight, no more time will be opened elsewhere today.

The Los Angeles club has been so much talking about getting Brazill that I'm just apt to be bluff and see whether it really does want the player badly enough to pay for him," declared one player I would like to see get both of them. I'll name the men and if they can get them they can have Brazill. The next alternative would be the placing of the player on the suspended list for he has shown no signs of being willing to play for what the Indians want they can afford to pay him.

Tom Elliott, the big pitcher, obtained from Brooklyn for Sterling Foster, was expected to report to the Indians either tomorrow or Sunday. If he left Florida Sunday night, as it was said he did, he would report here by tomorrow.

The Indians were given another day, as to hours, yet busy working today by the red-hatched leader. He wasn't feeling any too spry after a slight attack of influenza and took things easily from the sidelines.

HOFF WINS WORLD ALL-AROUND ATHLETIC TITLE

DOWN-DOWN DUE OVER BRAZILL

Ask Angels to Make Offer for Player
Club's Option Has Now Expired

HOFF'S DISPATCH: LITTLE BASEBALL TRAINING CAMP, HERMOSA BEACH, March 16.—The twenty-two years of grace asked by the club to buy Hoff, which is or was interested in obtaining the services of Frank Hoff, ended at midnight last night and unless a telegram sent that club by Hoff's manager, the deal is off.

The Los Angeles club has been in much trouble about getting Hoff, and whether it was to buy him or whether it was to let him go. Hoff, who is now in the hands of the Indians, is a player who would like to go to the Angels and the Indians are in a position to get him. Hoff, who is now in the hands of the Indians, is a player who would like to go to the Angels and the Indians are in a position to get him.

YOUTH IN SPORT SADDLE AT HARVARD

Former Crimson Stars Pick Up Reins for Alma Mater

Bill Bingham, New Athletic Director (left) and Arnold Horween, New Football Coach

WILLIAM J. BINGHAM, new athletic director at Harvard, and his first appointee—Arnold W. Horween, 1927 head football coach at Cambridge—is the third Harvard grid chief in sixteen years. Harvard breaks precedent in going to Chicago for its gridiron director. Bingham was a mill boy in his teens and is now a successful Boston business man. He is also a full professor at Harvard. Horween, whose father was born in Russia, heads the Horween Leather Company in Chicago. Horween headed the Owl Club when in college. He captained the 1920 eleven at Cambridge. Bingham was 1914 track captain and first marshal of his class, a position which gives him permanent presidency of the class of 1916. He also was track coach at his alma mater, piloting the crimson to a wonderful victory over Yale in 1923.

HOLLYWOOD HOT AFTER MOUND ACE

Rumor Yanks Endeavoring to Get Waivers on Right-Hand Twirler

Just where Hollywood is going to get its shortstop is a matter for conjecture. Perhaps the new player will come from the Yankees with the hurler to complete payment for Tony Lazzari, the home-run socking shortstop that Lane sold to Col. Jake Ruppert for "beancoup jack" last fall.

LASWELL DEFEATS WALKER

Mercury Singles Handball Champ Beats Y.M.C.A. Title Holder in Fast Match; Ranft Wins

ST. PAUL, March 16.—Favorites generally survived the second round of singles in the national amateur handball tournament here today, with several hard-fought matches marking the play.

Pacific Club Five Defeated in Cage Event

KANSAS CITY (Mo.), March 16.—The Mon Athletic Club team of Indianapolis defeated Baker University of Baldwin, Kan., 37 to 22 here tonight in the concluding play of the first round of the National A.A.U. basketball tournament.

U.S.C. BLANKED BY TEACHOUT

Oxy Star Limits Trojans to Scratchy Base Hit

Big Left Hander in Sterling Form; Whiffs Nine

Tigers Cinch Tilt in Initial Frame With Attack

The fact that Third Baseman "Bullet" Hazlett did not know that Capt. Hobbs Adams of the U.S.C. baseball nine was a fast man cost Bud Teachout, Occidental hurler, a no-hit, no-run game yesterday on Howard Field. Teachout hurled the Tigers to a 6-to-0 victory over the Trojans, limiting the local athletes to but a single safe blow, and that a very scratchy affair.

Adams' hit was an easy bounce down the third-base line. Hazlett took the ball, and turned for a leisurely throw to first. But Adams is a first-class sprinter, and was well-nigh on the bag. Hazlett hurried a throw to Miskin, but it was a trifle high, and Adams arrived with Solly's foot off the bag. That extremely doubtful blow was the only thing that looked like a hit that the Tiger hurler allowed.

BRUIN, CARD MERMEN HERE

Bears Face U.S.C.; Stanford, H.A.C. Mix

Capt. Arden Allen Who Leads Stanford's Invasion

JAHN HITS BALL HARD IN WORKOUT

New Seraph Outfielder Has Range of Left-Field Wall in Practice

If Mr. Arthur Jahn, the outfielder recently turned over to Marty Krug's Angels by the Chicago Cubs to complete payment for Clyde Beck, often hits the ball as hard as he did in his initial practice with the Seraphs, he'll be a mighty handy man to have around. Jahn, who is a powerful right-hand hitter, had his eye on the left-field wall while up at the plate and several times bounced the pellet off the bricks and on a couple of occasions drove the ball all the way over.

Wally Hood, the lone Angel holdout, has not yet signed up nor been around the Wrigley Field offices of late. It begins to look as if Wally and the Angel officials are going to start a game of freeze-out as well as hold-out. Oscar Reichow, Seraph business manager, says that the Angels have offered a contract for as much money as he'll be offered this year and that they're just going to sit tight.

When Hood finally gets in the fold, which he probably will sooner or later, the Angels will have as fine a collection of fly-chasers as could be desired. Hood, Statz and Jahn are right-hand hitters, while Art Weis and Doug Tsui hit from the third-base side of the plate, which gives the Angels equal batting strength against right or left-hand pitchers.

(Continued on Page 2, Column 3)

OSBORN FORCED OUT BY INJURY

Norwegian Shatters Pair of World's Records

Captures Five Out of Seven Events in New York

Sprained Ankle Causes Yank Star to Withdraw

NEW YORK, March 16.—Shattering two world's records and winning five of the seven events, Charles Hoff of Norway captured the world's indoor all-around athletic championship tonight, defeating Emerson Norton of Georgetown after Harold Osborn of Harvard, the sixth time-born of the Illinois A. C. Olympic and American titleholder, was forced out by a sprained ankle.

Hoff broke the world's indoor broad-jump and pole-vault marks in scoring a clean-cut triumph and registering one of the greatest all-around performances ever witnessed, indoors or out.

The slim, debonair Norwegian displaced the broad-jump standard with a leap of 28 ft. 7 in., after which he thrilled a crowd of 10,000 at the Knights of Columbus track-and-field carnival, held in Madison Square Garden, by pole-vaulting to a height of 15 ft. 7 in., the sixth time he has surpassed the hated record.

MARY BROWNE WINS MATCH

Bunny Ryan Also Reaches Round Before Semifinals in National Indoor Net Championships

BROOKLINE, March 16.—Eight leading American women tennis players tonight reached the round before the semifinals in the nineteenth annual women's national indoor tennis singles tournament. The first upset of the tournament was recorded in second-round play today when one of the seeded players, Miss Edith Sigourney of Boston, was eliminated by Mrs. Charles J. Hubbard, the former Miss Anna Fuller of Cambridge.

As a result of the play to date, Mrs. Zinderstein Jessup of Wilmington, Del., defending champion, is matched to meet Miss Katherine Gardner of Cambridge; Miss Mary K. Browne of New York, will meet Mrs. J. Dallas Corbier, of South Hero, O.; Miss Elizabeth Ryan of Santa Monica, will play Mrs. Hubbard, and Miss Martha Bayard of Short Hills, N. Y., will face Mrs. W. Mandtall Sheldon of Brookline. The

Mary Browne

Play in the first round of the national women's indoor doubles also got under way. The draw in the national indoor mixed doubles announced today showed twenty-four teams entered. The defending champions, Mrs. Jessup and Karl S. Pfaffman, are among the seeded teams. The draw in the girls' national indoor singles will be made tomorrow and play will begin Thursday.

HAVANA "U" WINS (BY A. P. NIGHT WIRE) HAVANA (Cuba) March 16.—The University of Havana baseball team beat the University of Florida here today, 11 to 3.

HOLLINGBERRY LANDS BERTH

PULLMAN (Wash.), March 16.—Orin Hollingberry, coach of the Olympic Club football team of San Francisco, was named head football coach at Washington State College by the athletic council here tonight. "Buck" Bailey, also of San Francisco, was named assistant coach.

ARIZONA WILDCAT ELEVEN PLAYS OXY HERE NEXT FALL

All rumors that Occidental College will bring either a far-eastern university football eleven, or the University of Tulsa team here for a game next fall were put to rest yesterday when Phil Ellsworth, graduate manager of the Tiger institution, announced that the University of Arizona will meet the Oxy eleven. November 13 in the Coliseum. For the past three years the Wildcats have played the Trojans here, and each time the contest has resulted in a defeat for the visitors. The signing of Arizona for the game fills the Occidental

Jimmy McLarnin Favorite in Ten-Round Battle Tonight With Farr in Olympic Ring

BELFAST SPIDER IN TOUGH BOUT

Irish Lad's Win Over Sangor Gains Support

Johnny Picks Up Backers as Day Approaches

Runcan and Hector Tangle in Six-Frame Melee

Jimmy McLarnin's chief weakness is a physical one that time and nature will remedy. But it might cost him his bout with "Oakland" Johnny Farr which is the St. Patrick's day feature at the Olympic Auditorium tonight. His stomach is the weak spot.

Who box six rounds in the semi-wind-up, are a couple of them. Southern California Irish men have prepared to descend upon the auditorium in force this evening.

McLarnin is a favorite over Farr, and well he might be, after his wonderful demonstration of punching and boxing prowess against Joey Sangor two weeks ago, Joey had been badly beaten.

But the fans have awakened to the fact that Farr is just about the most dangerous boy McLarnin has ever fought in California, not even excepting Bert Starry.

Today the two hurdle races and the relay come up for discussion. With U.S.C. destined to score heavily on the timber-topping events and win the relay if such a thing is necessary.

Leighton Dye is the greatest high hurdler on the Coast and is favored to give any man in the world a terrific battle. He has twice done 14.9s this year and holds the Coast mark of 14.7.

Johnny Farr is a great featherweight, one of the best boys of his weight in the country. He had Louie Kaplan, the champion, hanging on the ropes in the last two rounds of their fight.

WAGNER PREDICTS WORLD'S RECORD WILL FALL SUNDAY

BY ROY A. McILLAN

The world's record for 250 miles will fall Sunday at the Culver City Speedway, when eighteen of the fastest automobile drivers in the world will compete.

That's the forecast of Fred Wagner, veteran racer, who, during the pit gossiping at the track yesterday, made the forecast.

Let's see what whoever beats it will have to do. Fred De Paolo, 1925 A.A.A. champion, holds the record now. He turned up 300 miles recently at Miami at a rate of 129.39 miles per hour. Frank Elliott had it before with his last race on the Culver City track with 127.47 miles per hour.

So that if the boys make Fred's prophecy come true, they will have to run their hacks around the wooden oval at better than 130 miles per hour. That's a pretty big order, say without fear of contradiction that this is a big order.

While the last date for qualifying is Friday, Dave Evans did not expect to see any records broken.

Both Fred Comer and Earl De Vere were out but didn't try for a great deal of speed. Today it is expected there will be some other, and perhaps some very fast.

Anyway, Fred Wagner declares by the shadow of his purple vest that next Sabbath will see some records broken.

Having disposed of six events—the sprints, 440, 880, mile and two-mile—in the discussions of Monday and yesterday we find the Trojans leading their rivals by a score of 30 to 24. It is possible in the quarter-mile, but the count of 20 to 24 appears logical at this time.

Today the two hurdle races and the relay come up for discussion. With U.S.C. destined to score heavily on the timber-topping events and win the relay if such a thing is necessary.

Leighton Dye is the greatest high hurdler on the Coast and is favored to give any man in the world a terrific battle. He has twice done 14.9s this year and holds the Coast mark of 14.7.

RUNSTAR WINS FEATURE

Winner of Last Year's Coffroth Handicap Surprises by Two Length Victory at Tia Juana

(EXCLUSIVE DISPATCH) TIA JUANA RACE TRACK, March 16.—Runstar, winner of the Coffroth Handicap in 1924 and a contender for that honor again this season, finished two lengths in front of Manzana in the feature race here today, at allowance event at a mile and a sixteenth. Teton, the favorite, finished in third place.

It was Runstar's first victory since carrying off the Coffroth honors two years ago. He was away from the turf for more than a year with an injured foot, but was found to be in good condition a short time ago and was returned to training.

He bore the colors of Baron Long to victory in the race today in easy style. He broke sideways on the start, causing a bad jam, but was quickly straightened out by jockey Baker and beat the other two to the first turn, and was headed only reaching the stretch, where he began to tire. Manzana and Teton were crowded back at the start, but finished gamely. Dixie Smith, a recent arrival at the track and a contender for Coffroth Handicap honors, never threatened.

Trek Jour, a daughter of Runnymede, carried the Baron Long colors to victory in the opener. Nani Hawaii finished well to second place, Shasta Rock closed gamely to get the show.

The Juana results: First race, four and one-half furlongs. Trek Jour (Baker) won, Shasta Rock (Baker) second, Nani Hawaii (Baker) third. Time, 1:10.1. Second race, four and one-half furlongs. Dixie Smith (Baker) won, Shasta Rock (Baker) second, Nani Hawaii (Baker) third. Time, 1:10.1.

Third race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Fourth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Fifth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Sixth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Seventh race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Eighth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Ninth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Tenth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Eleventh race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Twelfth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Thirteenth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Fourteenth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Fifteenth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Sixteenth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Seventeenth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Eighteenth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Nineteenth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Twentieth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Twenty-first race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Twenty-second race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Twenty-third race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Twenty-fourth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Twenty-fifth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Twenty-sixth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Twenty-seventh race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Twenty-eighth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Twenty-ninth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Thirtieth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Thirty-first race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Thirty-second race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Thirty-third race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Thirty-fourth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Thirty-fifth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Thirty-sixth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

Thirty-seventh race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1. Thirty-eighth race, four and one-half furlongs. Runstar (Baker) won, Manzana (Baker) second, Teton (Baker) third. Time, 1:10.1.

INTRODUCING COAST LEAGUE NEWCOMERS

BY CHARLES J. FOREMAN

IRWIN V. HUFFT, outfielder, Seattle. Born, Lebanon, Mo., August 2, 1903. Height, 5 feet, 10 inches. Weight, 175 pounds. Bats, left-handed. Throws right-handed. Clubs in 1925—Arkansas City, Southwestern League, and Wichita, Western League.

First engagement—Springfield, Western Association, 1933. Clubs since then—Arkansas City, 1924, 1925, Wichita, 1925 record with Arkansas City—Games, 95; at bat, 373; runs, 85; hits, 154; batting average, .359. Record with Wichita—Batted .304 and fielded .943 in fourteen games.

Note: Hufft hit five home runs in his first five days in Western League.

TEACHOUT BLANKS U.S.C. (Continued from First Page)

Teachout was in great form. He pitched the entire nine frames, fanned nine men and did not walk anybody. But disproved the ancient theory that left-handers are inclined to be wild, and his control was perfect.

Oxy disclosed a classy ball team all around, both at bat and in the field. The Trojan infield, seemingly from an attack of elongated and expanded cranium, wobbled precariously, and errors contributed in no small measure to the Tiger score.

GOOD STICKERS Beside twirling a classy game, the big Oxy left hander, banded out a triple in the first inning scoring two men, and later garnered a single. Solly Mishkin, who played a whole of a game at first, likewise featured at the plate, and ticked the pellet for a brace of trophy hits in three legitimate chances. Brobst gained a triple in four efforts, and fanned the other three times.

The Trojans, with the two-game series coming up with California on Friday and Saturday, used three different hurlers. Ted Sahberg started the fray and was greeted with four hits good for three runs in the first frame. Another blow and two errors gave the Tigers a pair of markers in the second. Sahberg pitched erratically, frequently getting two strikes on batters only to buss the next offering down the middle. He did fan six of the enemy in the three frames. However, retiring Brobst, Deaver and Morse in that fashion.

Guo Redman, who has been out of practice with a bad foot for the last four days, was able to work in part of yesterday's game, the injured member giving him little or no trouble.

WOMEN'S EVENT
AT CABALLERO
Members of the Women's Auxiliary of the Southern California Golf Association will play in a two class eighteen-hole medal invitational tourney at the El Caballero Country Club tomorrow. The event, originally scheduled for the Oakland club, was transferred due to extensive remodeling operations under way at the latter course.

Grizzlies Are Big Surprise in Ice Hockey
The Southern Branch Grizzlies were a big surprise in the opening game of the Senior Amateur Ice Hockey League last night, and trounced the Hollywood Fawcetts 3 to 0 in the new Glacier Palace rink.
The Fawcetts were favored to win, but the astounding work of Dutton, who scored for the Grizzlies kept the enemy from scoring. He blocked thirty-five attempts, and was the star of the Grizzlies defense.
Allcock, center, made two of the Grizzly goals in the first period, and Hamilton scored just after the whistle was blowing to end the game.
Adella, captain, and Daudin were the outstanding players of the defeated squad. The Fawcetts tried more shots than the Grizzlies, but the latter team completed three of its fourteen attempts, which was enough to give it the victory.

Pirates, Seals to Meet in Six Practice Games
SAN FRANCISCO, March 14.—The Pittsburgh Pirates, world's baseball champions, open a six-game practice series here tomorrow with San Francisco's two Pacific Coast League clubs furnishing the opposition.
Beginning tomorrow, the Seals, 1925 pennant winners, will line up against the National League team until Friday. On Saturday, the Mission Seals are to take up the burden with a double-header lined for Sunday.
Dickie Kerr, former Chicago White Sox pitcher, acquired this year by the Seals, is said to assume the mound duties tomorrow. A. J. Egan, the most promising rookie, will accompany the regulars from the Boyes Springs training camp.

HOFF ANNEXES ATHLETIC TITLE
(Continued from First Page)
ing two events, the shot put and the discus.
The chances of Osborn in the all-around test faded in the second event, the running high jump, when he received an old sprain in his left ankle and barely cleared six feet.
Norton then won the high jump with a leap of 5 ft. 1 1/2 in., garnering 944 points, which put him temporarily in the lead with a total of 1784 points.
Osborn, although jumping only 4 ft. 1 1/2 in., got enough points to put him in second place, so far as total points were concerned, while Hoff, as a result of clearing only 4 ft. 9 1/2 in., was third in the standing for two events.
The sensation caused by Osborn's withdrawal was quickly followed by another thrill when Hoff, in his first try at broad jumping, shattered the world's indoor record with a leap of 23 feet 7 3/8 inches. He displaced the previous indoor mark for a board track of 22 feet 1 1/2 inches, set by William Dowling of Georgetown in 1924.
Hoff, the spectacular Norwegian athlete, had gotten away to a victorious start in his battle for world's indoor all-around honors when he defeated Osborn and Norton in the sixty-yard dash, opening his seven-event test.
Hoff won by fully three yards in a brilliant finish. His time of 6.3 seconds was exceptionally fast and gave him a total of 849 points under the decaathlon scoring system.
More than Osborn, who barely beat out Norton for second place, Hoff was the star of the day.
Another world's indoor record was broken when Georgetown University's crack quartet, McLean, Ascher, Swinburne and Burgess, sped to victory over an all-star quartet in a 1600-meter relay race. Their time of 3m. 22.3-sec. displaced the former mark of 3m. 24.4-sec. set by Holy Cross last January.

lone point, 32 to 21 but speeded up and added 3 points. Sepak, Kemsha forward and Heckert, Pacific Coast center, starred.
JIMMY DUFFY SIGNS FOR GO WITH KRACHE
(BY A. P. NIGHT WIRE)
OAKLAND, March 16.—Jimmy Duffy, flashy Oaklander tonight, has been signed to meet Ted Krache, jog and boom man of Hockam, in a six-round bout at Beulah, the 23rd inst.

SPARTAN TRACKFEST ON
(EXCLUSIVE DISPATCH)
HUNTINGTON BEACH, March 16.—Huntington Beach's own track classic, the annual southern counties meet, will be held next Saturday and already enough entries have been made to assure the success of the affair. This year's meet will be the fourth of its kind held at the Huntington Beach High School athletic field.

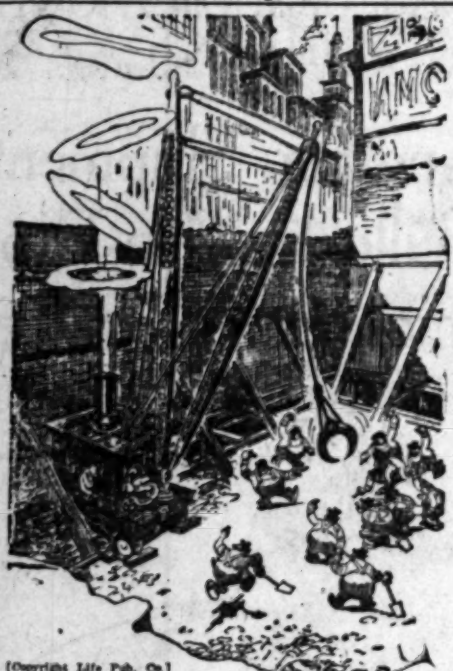

RABBIT PUNCHES
BY PAUL LOWRY
SOME sort of a new record for female screaming was established at the Olympic auditorium Monday night when Jimmy London subdued George Kotsomaras after a bitter three-fall struggle which lasted nearly the two-hour limit. London was plainly the favorite and most of the lady yelps were emitted in his favor. As the bout progressed and London clamped on what appeared to be decisive blows, the genuine spectators of the species bounded up and down on their seats and screamed violently.
Whenever Kotsomaras seemed to be unduly rough the ladies rose up in their wrath and screamed at the referee to stop the bout and throw Kotsy out on his ear. When the latter slugged London to the floor with a right-hand poke to the stomach, the petticoat fraternity first moaned pitifully and then cried for the head of Kotsomaras. Yep, it was a great evening.

Return of Herschel Smith is Aid to U.S.C. Squad
Tommy Davis, genial dispenser of optimism, and something of an authority on things pertaining to the track in this man's town, has a deal of interesting information to spill in regard to the U.S.C. California trackfest, that all-important meet which takes place in the Coliseum Saturday afternoon.
The eminent Mr. Davis, in a moment of supreme happiness, remarked quite casually as follows:
(1) That Les Heilman, stellar U.S.C. miler, the California long-distance man, and a new U.S.C. record, a new competition between U.S.C. and California record; and will come dangerously close to the best Coast record.
(2) That Ron Stever would not place in the high hurdles; and
(3) That the Trojans would possibly finish three in both sprints.

Adams Would Reclaim Lost Fistic Crown
Johnny Adams is starting another campaign to win back the Pacific Coast lightweight championship he lost to Tommy Carter several months ago. His first fight will be against Phil Salvadore at the Hollywood American Legion Stadium Friday night and Adams is bringing a big delegation from San Bernardino to see him fight.
Hollywood Post No. 43 of the American Legion wants to see another Pacific Coast lightweight who will go after the lightweight championship of the world. Ace Hudkins and Muddy Callahan have outgrown the division and are fighting as junior welterweights. Adams is a natural lightweight, being able to make 135 pounds on the day of the fight without much trouble.

Alhambra Cops Track Meet in Oiler Battle
The Alhambra High School track and field squad continued a long list of victories yesterday afternoon by defeating the Fullerton team, 92 to 21. Davis was the only Oiler to score a first. He won the shot put with a heave of 38 ft. 1 in.
Schelds of Alhambra again came through with a fast 220, winning the event in 2m. 26.4, against the 100 in 10.2a. Sturgeon of Alhambra turned in a fast 440, coping in 2m. 3-2-10a. The results:
100—Sturgeon (A.) first; Lewis (A.) second; Cleaver (A.) third. Time, 10.2a.
220—Schelds (A.) first; Lewis (A.) second; Cleaver (A.) third. Time, 2m. 26.4.
440—Sturgeon (A.) first; Lewis (A.) second; Cleaver (A.) third. Time, 2m. 3-2-10a.

See a pin—pick it up.

Renunciation

CHLOE'S hair, no doubt was brighter;
Lydia's mouth more sweetly sad;
Hebe's arms were rather whiter;
Languorous-lidded Helen had
Eyes more blue than e'er the sky was;
Lalage pulled subtler stuff;
Still, you used to think that I was
Fair enough.
Now you're casting yearning glances
At the pale Penelope;
Cutting in on Claudia's dances;
Taking Iris out to tea.
Iolo you find warm-hearted;
Zoe's cheek is far from rough—
Don't you think it's time we parted?
Fair enough!

—D. P.

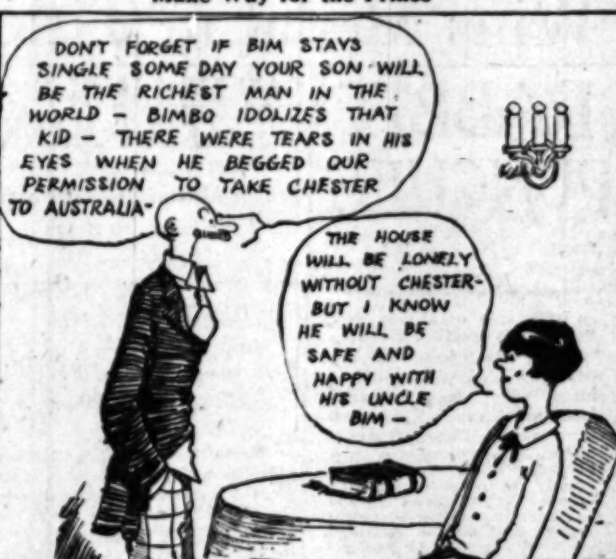

THE GUMPS

WHAT AN OLD FOX BIM IS—
HE SAYS HIS BUSINESS
IS CALLING HIM BACK TO
AUSTRALIA BUT I THINK
HE HAS NOTICED THE
WIDOW ZANDER LOOKING
AT HIM LIKE A HUNGRY
TRAMP LOOKS AT A
HOT APPLE PIE—

I NOTICE SHE HAS
HAD ON A NEW
OUTFIT EVERY TIME
SHE SEES HIM BUT
I DON'T BLAME ANY
WOMAN FOR WANTING
TO MARRY SUCH
A WONDERFUL MAN—

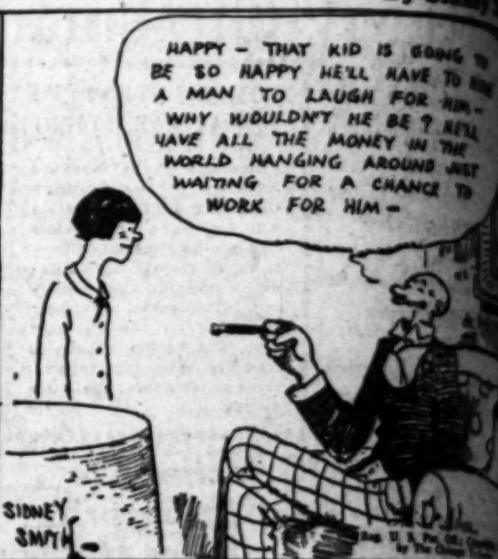

Make Way for the Prince

DON'T FORGET IF BIM STAYS
SINGLE SOME DAY YOUR SON WILL
BE THE RICHEST MAN IN THE
WORLD—BIMBO IDOLIZES THAT
KID—THERE WERE TEARS IN HIS
EYES WHEN HE BEGGED OUR
PERMISSION TO TAKE CHESTER
TO AUSTRALIA—

THE HOUSE
WILL BE LONELY
WITHOUT CHESTER—
BUT I KNOW
HE WILL BE
SAFE AND
HAPPY WITH
HIS UNCLE
BIM—

By Sidney Smith

HAPPY—THAT KID IS GOING
TO BE SO HAPPY HE'LL HAVE TO
BE A MAN TO LAUGH FOR HIM—
WHY WOULDN'T HE BE? HE'LL
HAVE ALL THE MONEY IN THE
WORLD HANGING AROUND JUST
WAITING FOR A CHANCE TO
WORK FOR HIM—

GASOLINE ALLEY

OH, MRS.
BLOSSOM!
LET ME
TAKE YOU
WHERE YOU'RE
GOING.

NO THANK YOU,
MR. VAN ANK.
I PREFER
TO WALK.

THEN I PREFER
TO WALK MYSELF.
I'D LIKE TO WALK
WITH YOU EVERY
DAY—EVENINGS
TOO.

YOU'D BE BORED
TO DEATH, AND
YOU KNOW IT'S
IMPOSSIBLE. I'M
ENGAGED.

OH, WELL!
NOBODY TAKES
ENGAGEMENTS
SERIOUSLY
ANY MORE.

I'M OLD FASHIONED.
MINE MEANS MORE
THAN ANYTHING ELSE
IN THE WORLD TO
ME.

DON'T SEND ME
BACK. I'M KEEN
FOR TWICE THE
WALK WE'VE
HAD!

THAT MAKES IT
JUST RIGHT.
YOU GET BACK
YOUR CAR, AND
I'VE HAD THE
WALK WE'VE
HAD!

An Arithmetic Lesson

Snapshots of a Baby Going to Sleep

HEARS THE USUAL TIP-TOES
AND SHUSHING OUTSIDE DOOR.

THERE'S MOTHER TELLING EVERY-
BODY TO BE QUIET, BABY'S
SOUND ASLEEP

DADDY JUST DROPPED THE HAM-
MER AND THEY'RE LISTENING TO
SEE IF HE'S GOING TO WAKE UP

THOSE WHISPERS MUST BE MOTH-
ER GIVING IT TO DADDY FOR DROPP-
ING THE HAMMER. PARENTS
ARE AS GOOD AS A CIRCUS

WHAT'S THE BIG IDEA IN WANT-
ING HIM TO SLEEP SO MUCH?
A BABY'S GOT TO HAVE SOME
TIME TO THINK THINGS OUT

IT'S VERY QUIET, THEY MUST BE
DOWNSTAIRS READING

IT'S NOT SO GOOD WHEN THEY'RE
SO FAR AWAY. GUESSES HE'LL
GET THEM UPSTAIRS AGAIN

WELL SAY, THEY'D BETTER HUR-
RY UP—HE CAN'T STAY AWAKE
MUCH LONGER

BY TIME AGITATED FAMILY
ARRIVES, IS SOUND ASLEEP

One-Piece Kitchen

No Frame, No Metal

Just a one-piece Kitchen m-
op device which doesn't re-
quire floors, baseboards or wood-
work. The mop-head of heavy
rubber picks up water and dirt like a
sponge and dries out sweet and clean
right in weight and easy to use.
It fits into any place 2 inches wide.
Its name is Klenzall. It sets
standard in mopping kitchen
bathrooms and marks the pas-
sage from old cumbersome, wire-frame
mops with the dirty stringy rags.

Klenzall Dust Mops
contain 1000 feet of yarn—
twice as much as ordi-
nary. Each strand is chem-
ically treated to pick up dust and hold
it. No shake out. No frame. No
handle can't come off. House-
hold is the best mop they ever

Mops For Every Need
The Klenzall Family includes also dust
mops, dish mops as well as other remark-
able house-cleaning equipment. To in-
form you fully into your home your dealer

TRIBUNAL FOES TAKEN TO TASK

Democratic Leader Assails Anticourt Senators

Borah and Reed Made Target of Illinois Address

Avers Opponents Had Ample Time Before Closure

(BY A. P. MORTIMER) EAST ST. LOUIS (Ill.) March 16.—Senators conducting the public campaign against the decision in favor of American entry into the World Court were taken to task here tonight by Senator Robinson, of Arkansas, the Democratic leader in the Senate.

Naming specifically Senators Borah, Republican, Idaho, and Reed, Democrat, Missouri, as the leaders of this campaign, Senator Robinson declared in an address before the chambers of commerce that the efforts to use this issue to defeat Senator supporters have been "a certain in the end to bring humiliation to the intermediaries."

The World Tribune, he said, has "justified itself," and a Senator who proposed no substitute "renders no service fruitful of benefits, now or hereafter, by undermining the confidence of our people in the court."

Senator Robinson said it was both "amazing and amusing" to read the intemperate and wrathful declaration attributed to the Senator from Missouri, who declared that the adoption of the resolution of adherence was "outrageous, iniquitous, idiotic and imbecile."

"Those who voted for adherence kept faith with their party platform," he said, "while those who voted against the resolution disregarded their instructions. Admittedly a Senator is at liberty to repudiate his platform in any direction he chooses. But a Senator who does that will not be taken seriously when he accuses as traitors those who continue loyal to their party."

"Gag rule" was not invoked in the World Court fight, he continued, adding that proponents had had ample time to prepare for the debate which he prepared for a vote of 72 to 2 had decreed should open last December. He asserted that opponents of the court "hesitated apparently to engage in the debate only when it was necessary to prevent a vote," and that the closure rule was invoked only after an agreement to fix a time for a vote.

SHIPSTEAD CITES FORMER TREATY EFFORTS

(BY A. P. MORTIMER) CHICAGO, March 16.—Efforts to induce America to join the World Court show history repeating itself, for similar efforts were made a century ago, Senator Shipstead of Minnesota told the Cook County Republican Central Committee tonight.

One hundred years ago when the idea of political democracy was challenging the old order of political autocracy, he said, Europe entered into a series of treaties finally terminating in the "Holy League of Peace," and the Congress of Aix-la-Chapelle, which the United States was asked to join.

FRANCHISE RESTORED

Virginia Senator Given Political Rights after Impeachment

(BY A. P. MORTIMER) RICHMOND (Va.) March 16.—The political disabilities of Alfred C. Smith of Norfolk, whose expulsion from the State Senate last week was the first impeachment in the history of Virginia, have been removed in a proclamation issued by Gov. Byrd.

Smith announced he probably would enter the race for Congress this year against Representative Deal, and that he intended to take the examination of the State Board of Law Examiners in June.

His impeachment had resulted from a dispute over what school the Johnson children were entitled to attend. In the fight with Gibson, Johnson was wounded.

FLU AND PNEUMONIA SPREAD IN CHICAGO

(EXCLUSIVE DISPATCH) CHICAGO, March 16.—The city health department announced today that 148 new cases of pneumonia and 101 new cases of influenza had been reported during the last twenty-four hours. During the same period forty-four deaths from pneumonia and four from influenza were recorded. Of the twenty-six children among the fatalities eleven were under 1 year of age.

SNATCHED INTO FILM INDUSTRY

Art Student Discovered in Restaurant

ETHYLEN CLAIR

(EXCLUSIVE DISPATCH) CHICAGO, March 16.—The motion-picture industry is not entirely devoid of romance. One day last week Miss Ethylene Clair, a New York art student, entered a restaurant in her district to snatch a bite of lunch. An hour later she was engaged for a part in a forthcoming film production. A casting director in search of types was in the restaurant when the fortunate art student walked across the floor.

Miss Clair has passed through Chicago on her way to the Cinema Capital of the world at Hollywood. And the funny part of the whole affair is that Miss Clair does not ride, swim nor dance, and has never been entered in a beauty contest.

Ethylene Clair (P. & A. Photo)

MORE RIGID CAR DRIVING TEST ASKED

Committee Reports Plan to Cut Accidents for Study of Secretary Hoover

(BY A. P. MURPHY WIRE) WASHINGTON, March 16.—More rigid examination of applicants for automobile drivers' licenses as a means of holding traffic accidents to a minimum was recommended in a report submitted to Secretary Hoover today by the committee on causes of accidents of the national conference on street and highway safety.

The committee pointed out that pedestrians are involved in two-thirds of all traffic accidents which result in personal injury or death, and declared that many fatalities could be averted if a thorough examination of drivers was provided to bring out the incompetencies of license applicants.

These incompetencies were said to lie in ignorance of regulations and customs; insufficient strength, quickness or skill in controlling a motor vehicle; serious defect of sight or hearing; defective intelligence and temperament or emotional inability to do the right thing in a sudden emergency.

The committee recommended that all drivers involved in accidents be given a special examination. This, it said, "would lead directly to the means of reducing accidents most effectively."

Discussing the part that drinking plays in many accidents, the committee said, "It is highly probable that alcohol has contributed to many accidents which have been ascribed to inattention, confusion, recklessness, loose steering gear or some other cause."

LIQUOR SEIZED
(EXCLUSIVE DISPATCH) YUMA (Ariz.), March 16.—Eight quarts of Benedictine, on the way from El Paso to Hollywood, never will reach the latter place, having been taken by customs inspectors at the Colorado River bridge, together with a valuable automobile. The driver, who gave the name of L. Scott, has been sent to Calexico.

OIL HUNTED BY GRAVITY CLEW

Torsion Balance Being Used by Geologists

Instrument Shows Density of Rock Formations

"Bugs" Also Valuable Ally in Scientific Quests

(BY A. P. MURPHY WIRE) DALLAS (Tex.), March 16.—A man may not weigh exactly the same in New York as he does in San Francisco. Discovery of this and similar facts regarding weight has enabled geologists to apply new methods to the age-old quest for oil.

Likewise, certain families of bugs which became extinct many thousands of years ago are being brought up from their nameless graves to guide man in his search for the liquid wealth.

These discoveries in the scientific development of the oil industry are to be explained at the meeting of the American Association of Petroleum Geologists here the 25th to 27th inst.

The difference in the weight of bodies at different places on the earth's surface is explained as due to the varying intensity of gravity. An instrument invented a quarter of a century ago by Prof. Roland Eotvos, Hungarian scientist, only recently has been given practical application in measuring the gravity variation. The instrument is the torsion balance.

This balance is described as so delicate that it will measure the direction and intensity of gravity at any point where it may be set up. The fact that objects do not weigh the same at different localities is attributed to the variation of the density or specific gravity of the rocks below the surface. Where the rocks are very dense or have great specific gravity, objects above them weigh more than where the rocks have a smaller specific gravity.

If the torsion balance is set up at a number of places in a certain area and the intensity of gravity is measured at each point, it may be found that the force of gravity will register considerably less within a definite radius. This may indicate the presence of a salt dome, the specific gravity of which is less than that of surrounding rocks. Oil frequently is found in salt domes. A torsion balance operated across what is now the great Powell field in Texas showed the exact position of the fault which controls the accumulation of oil there.

The "bugs" which tell their story of the age of rocks are scientifically known as "foraminifera." They are tiny species of sea life, almost germ-like in size, which existed in the seas of geological ages. To the naked eye they appear to be grains of dust, but under the microscope they are seen to be tiny shells of myriad forms.

Paleontologists have classified these forms according to the geological age in which species lived. By examining a group of forams he can identify the stratum of rock from which they came. Geology teaches him at about what depth the stratum should lie beneath the surface. If the rock actually lies at some different depth he knows that a disturbance has occurred, that a fault of some kind exists, and this tells him to be on his guard for oil.

Within recent months, virtually all large oil companies have adopted these methods of oil finding.

Mrs. Gertrude Dolan Whitmore

(EXCLUSIVE DISPATCH) CHICAGO, March 16.—Details of her romance with a Persian prince, a reputed multimillionaire, were narrated for the first time today by Mrs. Gertrude Dolan Whitmore of New York, former Chicago girl, who testified at a hearing in the divorce case of her mother, Mrs. Elizabeth Dolan, against her father, Thomas C. Dolan.

The suit involves the ownership of the Dolan home at River Forest, Ill. This property, valued at \$50,000, was the gift of Prince Vitor Vichji of Persia. She testified that the Prince also gave her \$25,000 and two automobiles in addition to the home, in an attempt to win her as his wife. She later gave the home to her mother.

She testified that she intended the property to be owned jointly by her mother and father, although legal title was given to the mother. Dolan, in answer to his wife's suit, claimed half the property.

Y.W.C.A. TO GET \$30,000
(EXCLUSIVE DISPATCH) TUCSON (Ariz.), March 16.—A legacy of \$30,000 will be received by the Tucson Young Women's Christian Association from the \$350,000 Hutchinson estate, now in probate. The money will be spent in a needed enlargement of the work, probably for a new building.

VILLE DE PARIS

SEVENTH AT OLIVE
B.H. DYAS CO.

Wednesday—"Baby Day" Brings Easter

"2-to-6" Values to the Ville

EASTER, the Spring heyday for little people, can be planned for with economy and foresight—when the Ville de Paris brings forth these fashions for people 2-to-6, at "Baby Day" prices!

Dainty Dress Frocks

Start at \$2.95!

Thus can little Miss 2-to-6 be prepared for both Spring and Summer: with sheer little frocks of voile in the most becoming shades... priced \$2.95 to \$5.95! Or frocks of appropriate charm, of Georgette or Crepe de Chine, starting as low as \$7.95.

Then the Easter Hat!

\$3.95—\$5.95!

The all-important hat, to be sure—50 of them, newly unwrapped for Wednesday showing, in fine straws, such colors as tans, shades of blue, Lanvin green, red!

The Spring Coat is Tailored! New at \$12.50!

Brand new, indeed, for Wednesday presentation—and while most follow the strictly tailored lines that flatter the small girl, others depart into simple variations! In smart wools, exceptionally well made! Note that many may be matched with hats!

Note These Ville "Baby Day" Features

Crib Blankets: 65c
Soft, well-finished blankets in white, with borders of pink or blue—regularly priced for higher!

Infants' Sacques, \$1.95
Exceptionally dainty ecru of crepe, with hand-finished edges of pink or blue!

AT THE VILLE—FOURTH FLOOR

The Easter Costume is Completed with Dainty Socks: Special at 50c!

A splendid Wednesday "2-to-6" feature! The fine little socks that smaller people need in such quantities—and that Mothers can choose in almost any color at this low, low price!

All white is included—then, white with novelty tops, and colors with tops. Special, remember, at 50c! Sizes: infants to 6 years.

AT THE VILLE—FOURTH FLOOR

Clearing film from teeth whitens surprisingly

Quickly restores cloudy teeth to clearness

Please accept full 10-day tube of this new dental achievement, urged by world's authorities. Note the difference in the color of your teeth and health of your gums when film is cleared off in this new way.

THOUSANDS go through life with cloudy teeth, needlessly. Dental science proves this true.

Cloudy teeth now are restored to sparkling clearness. A way found that clears the dingy film coats from teeth that old-time dentifrices failed to combat successfully. One's whole appearance is often changed.

Please accept 10-day tube to prove these results to yourself. You can work a transformation in your mouth. Can lighten your teeth remarkably, firm gums to healthy coral tint.

That stubborn film... enemy of pretty teeth and firm gums

Dental science now traces scores of tooth and gum troubles to a germ-laden film that forms on teeth. Run your tongue across your teeth and you will feel it—a slippery, viscous coating.

That film absorbs discolorations from food, smoking, etc. And that is why your teeth look "off color," dingy and unattractive.

It clings to teeth, gets into crevices and stays. It lays your gums open to bacterial attack. Germs by the millions breed in it. They, with tartar, are a chief cause of pyorrhea and decay.

Old ways won't clear it off

Ordinary dentifrices and cleansing won't fight film successfully. Feel for it now with your tongue. Note how your present cleansing method is failing in its duty.

Now new methods are being used. A dentifrice called Pepsodent—different in formula, action and effect from any other known.

Largely on dental advice, the world has turned to this method.

Clears film off Firms the Gums

It accomplishes two important things at once. Removes that film, then firms the gums.

A few days' use will prove its power beyond all doubt. Send the coupon. Clip it now before you forget and mail at once.

FREE Mail Coupon for 10-Day Tube to THE PEPSODENT COMPANY, Sec. A-2102, 1104 E. Wabash Ave., Chicago, Ill., U.S.A.

It is the most effective remedy for all urinary troubles. It is the most effective remedy for all urinary troubles. It is the most effective remedy for all urinary troubles.

At the Country Club

For Tennis—

THE virtue of this splendid dress is that, though fashioned of wool, it is exceptionally cool, and a short-sleeved Deauville makes the smartest of tennis costumes! The active sportsman, then, selects a Deauville of tan, sunlight, china rose, black or Fleur de lis to dart here and there, serve and receive, in the morning hours on the court!

Testime at the club, in a "Deauville"!

SHIPPING BOARD ASSAILED ANEW

Intimidation of Ship Owners
Stated in Accusation

Line Operators Lay Charges
Before Chairman Scott

Declare Threats to Withdraw
Concessions Were Made

(BY A. P. NIGHT WIRE)
WASHINGTON, March 16.—In addition to all of its other troubles, the Shipping Board was accused today of intimidating ship owners into withdrawing their recommendations for reorganization of the board and the Fleet Corporation.

Chairman Scott of the House Merchant Marine Committee told the committee at a hearing that such charges had been laid before him by owners of American vessels. He did not name them.

OPERATORS COMPLAIN
The ship owners complained that the board had threatened to withdraw concessions, the chairman said, unless they changed their attitude on shipping legislation as expressed at the National Merchant Marine Conference held in Washington last November under the auspices of the Chamber of Commerce of the United States.

Chairman Scott's statement was made after Frank S. Davis of the Boston Chamber of Commerce had told the committee that his organization previously had recommended divorce of the Fleet Corporation and Shipping Board, and the establishment of regional advisory boards, but now deemed it better not to urge the regional arrangement.

The board, for the first time, seems to be going along with a pretty even keel, said Davis.

OPPOSITION VOICED
Opposition to the proposed reorganization on the ground that it would destroy the present principle of regional representation, was voiced by H. D. Lowrie, representing the Portland (Or.) Chamber of Commerce.

The committee was told by Lowrie that no tendency toward the elimination of smaller ports in favor of larger ones should be permitted. The losses sustained by the steamship lines should not be shouldered onto the ports from which they operate, he said, but should be paid by the country as a whole because of the widespread benefit of national defense accruing from the operation of such lines.

MOTHER OF 21 ARRIVES
Woman Introduces Ten of Brood as Future American Citizens.

(BY A. P. NIGHT WIRE)
NEW YORK, March 16.—Mrs. Sarah McKessy of West New Castle, Ireland, mother of twenty-one children, today introduced ten of her offspring to immigration officials as future citizens of the United States.

She arrived on the liner Auraria on her way to join her husband and four more of their children, who live in the Bronx, where McKessy is a tailor. She left two married children in Ireland. Five of her brood are dead.

LUMBER RATES CANCELED
WASHINGTON, March 16.—The proposed rates on lumber from western producing points to Ripley and Manchester, O., which were under suspension pending an investigation, were found not justified today by the Interstate Commerce Commission and were ordered canceled.

The rates, which have been in effect since the group-base rates applicable to Trinity and South Ripley, Ky. The protest had been filed by the California Redwood Association and other interests in California.

NOTAS TELEGRAFICAS
Noticias de Washington

WASHINGTON, Marzo 16.—Ha convenido el Senado en votar sobre el proyecto de ley de Gooding, sobre aranceles cortos y largos, el próximo 24 de Marzo.

En las proposiciones hechas a la cámara sobre legislación agrícola, el arancel fue el punto alrededor cual versó la discusión. La comisión de medios y arbitrios de la cámara aprobó el proyecto de ley de creación de un negociado de la prohibición en el ministerio de Hacienda.

La Junta Militar de Rios y Puertos dio fin a sus audiencias sobre el proyecto de ley de creación de una subcomisión, encargándole al departamento del Jefe Federal George W. English.

Se Difere hasta Septiembre la Entrada de los Teutones
GINEBRA (Suiza) Marzo 16.—Los signatarios de los pactos de Locarno publicaron esta noche un boletín oficial, manifestando que, si bien algunos obstáculos habían hecho imposible en esta vez el ingreso de Alemania en la Sociedad de las Naciones, los signatarios de Locarno se complacían en reconocer que la obra de paz llevada a cabo en Locarno permanecía intacta.

Expresaba el boletín el temor de que pudieran subsistir las dificultades en la crisis del Consejo; pero decía que los signatarios están convencidos de que quedarán vencidas en la próxima asamblea de la Sociedad, y de que se llegará a un acuerdo respecto a las condiciones bajo las cuales ha de entrar Alemania.

Los líderes del Consejo de la Sociedad de las Naciones acordaron hoy suspender la elección de Alemania hasta Septiembre.

Ante la dificultad de que el Brasil no cediera en su demanda de un asien permanente en el Consejo, los líderes acordaron que Sir Austen Chamberlain, ministro de Relaciones Exteriores, propusiera en la sesión de mañana de la asamblea, que se aplazara para el próximo Septiembre la cuestión del ingreso de Alemania en la Sociedad y la de la ampliación del Consejo.

Antes de darse a conocer la decisión de los líderes, el primer ministro de Francia, señor Briand, dijo a los correspondientes franceses que Alemania había convenido en no retirar su solicitud para entrar en la Sociedad, y que se votaría sobre ella en Septiembre.

Fue tomada esa decisión en un mitin de los líderes, al que concurrieron los aliados y otros miembros del Consejo, así como el conde Skrzynski, primer ministro polaco.

No había llegado aún la constatación del Brasil a la instancia que por cable le hizo el Consejo de que cambiara de actitud en lo relativo a la selección de Alemania en la Sociedad; pero los líderes temían que la respuesta fuera negativa.

MIDDLE WEST NEWS IN BRIEF
(EXCLUSIVE DISPATCH)
past thirty days. Her act was believed to have been suggested by the late Mrs. J. H. McKessy, an affluent and wealthy Milwaukee sportsman.

A message from Bombay, India, today announced that the late 9th inst. of William D. Richards, former resident of Manitowoc, Wis., had died in a hotel in Bombay, where he was on a tour of the world with his wife, Mr. Richards, who was 65 years of age, moved several years ago to Los Angeles.

KANSAS CITY
KANSAS CITY, March 16.—John T. McGraw, 65 years of age, a charter member of the Kansas City Live-stock Exchange, died here last night of heart disease.

Mr. McGraw was married to Mrs. George D. Ford, who will leave early in April for a visit in Los Angeles.

Mr. and Mrs. Gus Barden have left for a trip to California.

OMAHA
OMAHA, March 16.—The Omaha live-stock delegation, which made a 2000-mile, twelve-day tour through Kansas, Oklahoma, New Mexico and Texas to advertise the Omaha market and study the cattle situation returned today. Members say increased shipments of live stock from the Southwest to Omaha are assured.

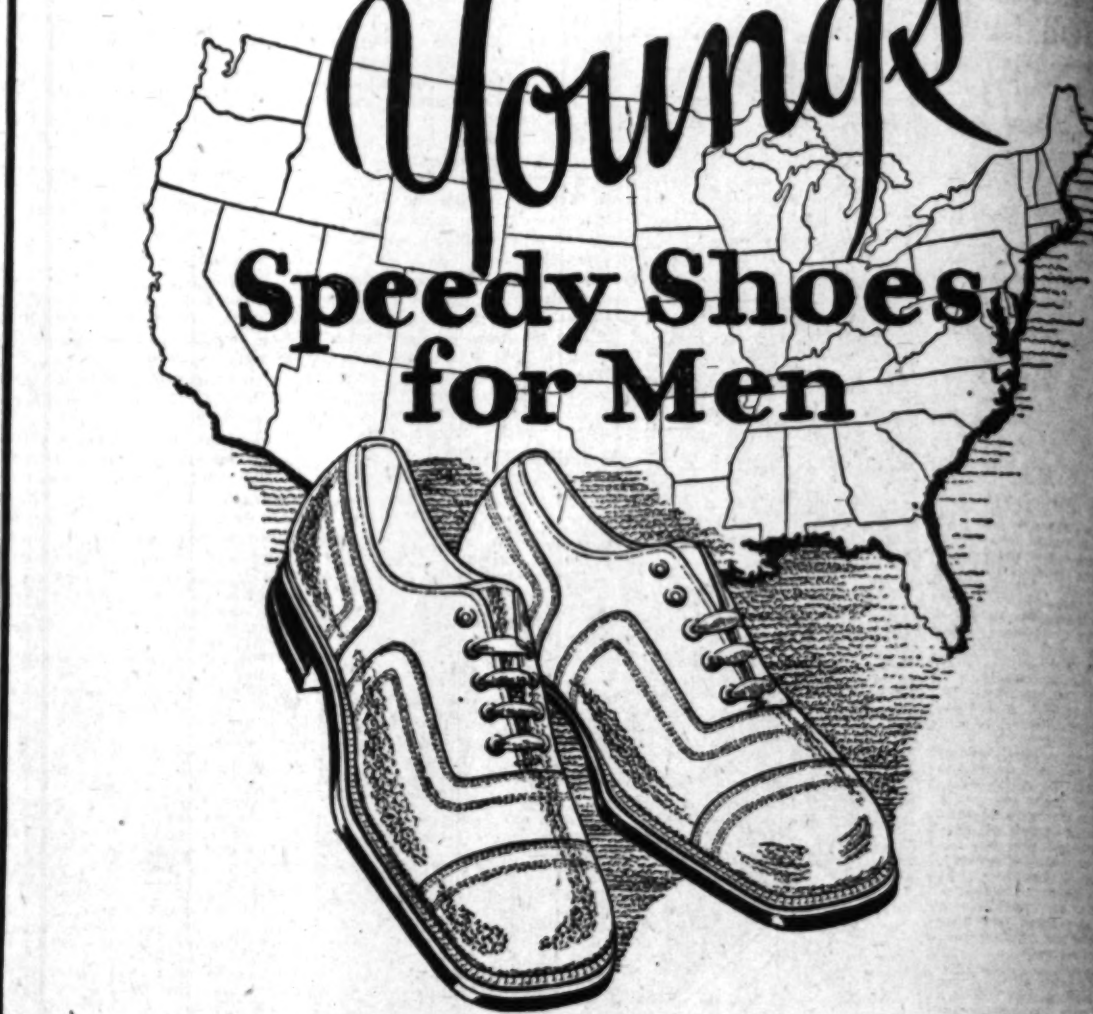

Mr. Louis, wife of George H. Louis, Omaha hog buyer, was awarded \$25,000 judgment in her alienation suit against Elsie D. Werner, Council Bluffs, at a default hearing in District Judge Troup's court.

ST. LOUIS
ST. LOUIS, March 16.—Littigation growing out of settlement of the estate of the late Caroline J. Pepper, wealthy tobacco dealer, was further complicated yesterday when the daughter, Mrs. Excelsior Barlow, brought suit asking that she be decreed title, now held by Orville E. Scott, real estate dealer, to a seven-ninths interest in property said by her attorneys to have a market value of more than \$700,000.

Although both families concerned have entered disclaimers that the wedding yesterday of Miss Lillie Allen, daughter of Mr. and Mrs. Gerard B. Allen, 4833 Maryland avenue, and Pierre Lohel Papin, son of Harry E. Papin, 16 Wydown Terrace, Clayton, was in the nature of a surprise, the suddenness with which the marriage was performed left friends of the society couple a bit dazed.

The seventh State bank to fail so far this month was the tenth for the year, was announced by the State Finance Department when word was received from the board of directors of the Bank of St. Louis, St. Louis, Mo., that they had closed their bank because of frozen assets. Deposits amounted to \$171,000.

UNITED OIL NET PROFITS SHOWN

Income of Past Year Gains Over Previous Period

More Stock Issues; Earnings Per Share Decrease

Marketing and Refining Go Steadily Forward

Net profits of the United Oil Company and its subsidiary, the United Oil Company, for the year ended December 31, last, after deducting all charges, including depreciation and Federal income tax, amounted to \$1,451,000.31, equivalent to \$1.45 per share on the \$17.50 par value of the 1,000,000 shares of capital stock outstanding at the end of the year, as compared with \$1.33, or \$1.33 per share on 1,000,000 shares of capital stock outstanding at the end of 1932.

On December 31, last, the company had reached third place in the production of refined petroleum products in California, with gasoline sales of 1,171,171 gallons during the year, an increase of approximately 100 per cent over the preceding year, it was stated.

CITIES SERVICE REVIEWED

In Point of Security Holders and Assets, Utility Ranks Ninth Among Country's Great Corporations

BY HERBERT R. JACKSON
(Toole-Tolson & Co.)

While Cities Service Company is generally looked upon by millions of investors as a very large, nation-wide organization of service, it will doubtless surprise many to learn that the company is in reality the ninth largest corporation in all the United States, railroads and insurance companies excepted. With total assets of \$653,080,721.64 as of December 31, 1933, and upward of 300,000 security holders, Cities Service Company ranks with such leaders in industry as Henry Ford, American Telephone and Telegraph Company, United States Steel Corporation and Standard Oil Company of New Jersey.

A gigantic parent company, Cities Service Company controls more than 100 subsidiaries with diversified sources of income in thirty-one States. Its arms of service stretch across the continent from the Atlantic to the Pacific and from lower Canada into Mexico. Its business consists of oil production, transporting, storing, refining, marketing and a large and highly successful public-utility system, which supplies gas, electric light and power, heat, ice and water service to millions of people in over 800 communities.

BUSINESS DIVERSIFIED
The business of Cities Service Company is comprised of about 60 per cent oil and 40 per cent public utility. The advantages of this diversification may be briefly summed up as follows: Utility earnings have never failed to go up when oil earnings declined. Oil earnings tend to increase as fuel costs go up, while those of public utilities tend to remain the same or decrease somewhat while utility earnings go up. Over a period of fourteen years the public-utility earnings alone have been sufficient to pay all expenses and interest charges 3.79 times over. While oil profits have a tendency to fluctuate, mainly because of the law of supply and demand, it is interesting to note that in no year since organization of this great enterprise did earnings from both branches of its business decline.

COMMON AS INVESTMENT
It has been previously noted that the total assets of Cities Service Company as of December 31, 1933, were \$653,080,721.64. Total surplus and reserve as of December 31, last, were \$46,469,666. The par value of securities which take precedence over the common stock is \$125,360,070. At this point it is timely to note that equities applicable to the Cities Service Company equaled \$8500 for each \$1000 debenture outstanding as of December 31, 1933, and these securities have not been materially increased since that time.

As of January 1, last, there was issued and outstanding \$5,414,420 of common stock with a present market value as of February 1, last, of over \$140,000,000.

EARNING POWER SUSTAINED
The annual earnings applicable to Cities Service Company common stock have been as follows:

Year	Earnings
1919	15.37
1920	15.37
1921	15.37
1922	15.37
1923	15.37
1924	15.37
1925	15.37
1926	15.37
1927	15.37
1928	15.37
1929	15.37
1930	15.37
1931	15.37
1932	15.37
1933	15.37

The apparent drop in 1925 was due to the redemption of \$25,341,183 common stock scrip dividend through issuance of common stock to this amount, but equities were unimpaired as this item was always considered and accounted for.

Analysis of the foregoing earnings reveals average earnings of 30.53 per cent per annum on the common stock for the last eleven years, while the annual average has been 25.24 per cent during the fifteen years since organization. It will be further noted that in no year during the last ten have earnings ever been less than 13.04 per cent, while they have ranged as high as 61.67 per cent as in 1919.

DIVIDEND POLICY
Dividends on this common stock are being paid monthly at the annual rate of 6 per cent in cash and 4 per cent in stock, and assuming a market price of \$42 per share, yield the investor close to 9 per cent. It is interesting to compute the dividend rate on this particular issue because it works out greater than would at first appear. The hundred shares of stock that turn annual cash dividends of \$120 and 6 per cent in stock or six shares with a current market value of \$42 per share or a total cash value of cash and stock dividends of \$252. The stock dividends can be readily turned into cash through the agency of the company, but if these stock dividends are permitted to accumulate they in turn pay cash and stock dividends.

Probably no stock enjoys a wider distribution or greater marketability. It is listed on the Boston Stock Exchange and New York Curb and is dealt in by hundreds of bankers and brokers throughout the United States. It has sold as high as 55 and never below 35, while the present price is 45, yielding close to 9 per cent in cash and stock.

Income Tax Reminder

Free From Federal, State and Local Taxes

The coming of March—the period of filing Federal Income Tax and California Personal Property Tax returns—brings forcibly to many investors the difference between the coupon rate and the actual net income on their holdings.

SAN DIEGO IRRIGATION DISTRICT General Obligation 6% Bonds, due serially 1931-1950, are completely exempt from all Federal Income Tax and California Personal Property Taxes. These bonds are payable interest and principal from direct unlimited ad valorem taxes assessed against all real property in the District, which is situated about 30 miles north of the City of San Diego on the Coast Highway to Los Angeles.

BUSINESS PHILOSOPHY

BY WILLIAM FEATHER

JOHN D. ROCKEFELLER never sold a lubricant equal to kerosene.

At the end of a day every man knows whether or not he has done a fair day's work.

Gratitude, of all elements, seems to be in greatest demand, yet there is the smallest supply.

Genius has been defined as the ability to see one's activity in true perspective—to lift our heads above the rut of routine.

RANGE REPORT FAVORABLE

Western live stock have wintered in good shape and at the close of February winter ranges were providing ample feed with promising prospects for spring ranges, according to the monthly live-stock and range report issued by the United States Division of Livestock Estimates.

Mild weather over much of the range country during February opened some ranges that were covered with snow and permitted generally good utilization of winter ranges. Range feed has been much better than a year ago and the hay and other feed supplies have been good. A supply sufficient to last until spring has been secured.

In the section east of the Continental Divide and north of New Mexico, the snow melted from considerable range and feeding was limited to higher elevations and a few spots that were covered with snow. In the southwest, rains greatly improved feed conditions, which are good for this season. The spring range prospects are also satisfactory. West of the divide the winter ranges have been open, with a little water shortage on some of the desert range, the report states.

California reports that ranges and pastures are in good shape and the condition of the situation. The condition of the ranges is 90 per cent of normal compared with 87 per cent last year.

Snider Passes
New Milestone
in Bank Work

Charles F. Snider, assistant cashier, Pacific-Southwest Trust and Savings Bank, today observed his thirty-fifth anniversary as a banker. He has been affiliated with the Pacific-Southwest Bank for eight years.

Mr. Snider entered the service of the First National Bank of Mt. Pleasant, Iowa, in 1911, remaining with that bank for four years and holding positions from messenger to bank teller, when he was made assistant cashier of the Henry County Savings Bank, Mt. Pleasant. He held that position for seven years, then moved to Council Bluffs, Iowa, becoming assistant cashier for the Commercial National Bank. He came to California on a pleasure trip in the early spring of 1924 and entered the First National Bank of Los Angeles as book-keeper. A few months later Mr. Snider became teller for the Southwestern National and later was employed by the Merchants' Trust Company. In 1931 he entered the service of the Los Angeles Trust and Savings Bank, now Pacific-Southwest Bank, Los Angeles, and was appointed assistant cashier in July, 1932, in which capacity he is still serving at the central office.

Magnolia Posts
Price List for
Panhandle Oil

(BY A. P. NIGHT WIRE)
DALLAS (Tex.) March 16.—The Magnolia Petroleum Company entered the Panhandle oil section today with a new posting of prices in crude oil. This is the first announcement of the Magnolia that they were prepared to buy crude in the Panhandle. Officials of the company explained that completion of a pipeline to a tank farm at Kink's Mill, near Amarillo, and other facilities had enabled them to enter this field.

The Clearinghouse

The Main and Commercial streets branch of the Pacific-Southwest Trust & Savings Bank, now located in temporary quarters at 220 North Spring street, will move into its new and permanent quarters at 202 North Main street on the 20th inst., according to an announcement made yesterday from the head office.

The three-story building, belonging to the Pacific Southwest Realty Company, has been completely remodeled by the Bankers' Equipment Company, both of which concerns are affiliated with the First National-Pacific-Southwest bank group. All of the ground floor will be occupied by the branch, with the exception of one room. J. M. Anderson is manager of the branch.

Marra Contributes
W. J. Marra, correspondence director of the Bank of Italy and professor of English at the University of California, is contributing a series of articles to the Sunday Times in better business-letter writing. The first article appeared two weeks ago.

For the past several years, Mr. Marra has been devoting part of his time to instructing the officers, divisional heads and stenographers of the Bank of Italy in the correct usage of English.

6% to 7% TAX FREE INCOME
AN ABSOLUTE LIEN

California Street Improvement Bonds are an absolute lien on specific property ranking ahead of all mortgages, present or future. As bonds are issued for the exact cost of paving, ornamental lighting, or other improvements, they represent but a small percentage of the value of the property, which in many cases is worth over 100 times the amount of the bonds.

Any amount from \$25 up, may be kept invested for an unlimited period in carefully selected Street Bonds, yielding 6% to 7%, completely tax free.

Let us give you full details. Call in person, telephone, or write.

When We Recommend a Bond

There's just as much difference in various Bonds as there is in different automobiles. The roadster is fine for one man, while his neighbor needs a limousine.

So with Bonds.

When we recommend a Bond we try to help the buyer find the one Bond that exactly suits his needs. Because of the size of his income he may need a tax-free security; or, on the other hand, a high yield may be essential. There is no patent rule to apply to every investor. That's why we go to the extra effort of finding out what the buyer needs before we make a recommendation—always bearing in mind: safety, marketability, yield and diversity.

OPPORTUNITIES THAT COME BUT SELDOM

EXAMINE the leading security markets of the country and you will find that on practically none of them are listed the ownership securities of concerns producing salt. It is a surprising fact, especially since the product is linked so closely with the daily life of everyone.

It will be found that salt producing companies are usually family affairs or close corporations. Salt companies are comparatively few, considering the volume of product consumed day in and day out. The per capita consumption in the United States is approximately 85 pounds per annum.

On the Pacific Coast, for the first time, it has become possible for investors to acquire an interest in an old-established salt business, the leader in its field — Leslie-California Salt Co. A consolidation of several long-established concerns has made this possible. The Company is a complete unit in the industry — producer, refiner, distributor. Its trade name "LESLIE" is known from Vancouver to San Diego. Its products are found in a majority of homes and grocery stores on this Coast.

Our study and investigation of the stability of the business, the capability of its management, and the established record of earnings have convinced us that the Company faces an increasingly profitable future. It should be well worth your while to discuss Leslie-California Salt Co. with us.

New Issue

\$2,500,000

Woodbridge Building

New York City 100 William Street Corporation

First Mortgage 5 3/4 Per Cent Sinking Fund Gold Loan (Closed Mortgage)

The Aetna Life Insurance Company occupies under lease, and has contracted for additional space amounting to over 70 per cent of the rentable area of this building. Leases representing about 60 per cent of the rentable area extend beyond the maturity of this loan.

Dated April 1, 1926.

Due April 1, 1941

Interest payable April 1 and October 1, at the office of the Trustee, without deduction of any Federal income tax not in excess of two per cent. Denominations \$1000 and \$500. Bonds of the Pennsylvania, Connecticut, Kansas and California taxes not to exceed four mills; Maryland four and one-half mills; Kentucky and District of Columbia and Iowa taxes not to exceed five mills; Michigan five mills; Minnesota, Virginia, New York and one-half mill; and Massachusetts, Maine, New Hampshire and one-half mill; and other taxes not to exceed six per cent to resident holders upon timely and proper application.

THE NEW YORK TRUST COMPANY, NEW YORK CITY, Trustee

The following has been summarized from a letter from the President of the Corporation to P. W. Chapman & Co., Inc.:

Building: The Woodbridge Building, located at 100 William Street, New York City, is one of the largest and most important office buildings in the downtown insurance district. It occupies about 18,800 square feet of land owned in fee and has a total street frontage on William, Platt and John Streets of about 430 feet. Exceptional light protection is afforded through frontage on these three thoroughfares. The front of the building is 13 stories in height, while the rear rises to a height of 17 stories. The entire structure contains a total of over 192,000 square feet of rentable area.

Location: The Woodbridge Building, located midway between the municipal, administrative and judicial buildings of the City of New York, and the financial district, is in the heart of the downtown insurance district.

Leases: The Aetna Life Insurance Company has leased ten and one-half floors of the building, representing approximately 60 per cent of the net rentable area, for a period extending beyond the maturity of this loan. In addition, the Aetna Life Insurance Company has assumed the unexpired leases of certain other tenants aggregating over 10 per cent of the total net rentable area of the building. The total space to be leased by the Aetna Life Insurance Company is over 70 per cent of the rentable area of the building. Other important tenants include: Phoenix Assurance Company, General Accident Company, New York Underwriters, Pacific Coast Borax Company.

Security: This loan will be secured, in the opinion of counsel, by a first closed mortgage on the land and building, owned in fee, the plot extending about 121.7 feet on William Street, 145 feet on John Street and 163.7 feet on Platt Street. The property, land and building, has been independently appraised at \$4,315,000, making this loan less than a 58 per cent mortgage. Appraisal of the land has been rendered by Brown, Wheelock-Harris, Vought & Co., Inc., at \$1,865,000, and the appraisal of the building has been made by Messrs. Clinton & Russell, architects, at \$2,450,000.

Earnings: The building is practically 100 per cent leased and occupied. The Aetna Life Insurance Company's lease, which extends for a period beyond the maturity of this loan, is at an annual rental of \$282,760, or an aggregate rental for the term of the lease of over \$4,300,000. Charles F. Noyes Company states the annual income, as of May 1, 1926, based on signed leases of present occupants, to be as follows:

Gross Earnings	\$512,460
Operating Expenses, Maintenance, Insurance and Taxes, other than Federal Taxes, estimated	214,000
Balance	\$298,460
Maximum Annual Interest Charges on this Loan	143,750

These earnings are equivalent to over twice maximum annual interest charges on this loan.

The operation of a quarterly sinking fund, beginning July 1, 1926, through purchase in the open market or through retirement by lot at the then call price, will reduce this loan to less than \$1,815,000 at maturity, or an amount less than the present value of the land alone.

This loan is offered when, as and if issued and received by us and subject to the approval of counsel, Messrs. Chapman, Outler and Parker.

BOND QUOTATIONS

Price Trend Confused

NEW YORK, March 16.—Bond trading today was subjected to a confusing price fluctuations and a noticeable contraction in the volume of business. The stability of money rates in the face of the customary heavy turnover of funds at this time failed to provide the stimulus needed to lift the market out of the rut in which it has been drifting.

Railroad issues continued to lead in activity, but without following any definite price trend. Chesapeake and Ohio convertible 5s, after an early display of strength, fell off sharply on the announcement that holders of stocks pledged under the Nickel Plate plan would be given an opportunity to withdraw their deposits and closed below last night's final price. An early rise of almost 3 points had been based on the possibility of interesting developments at tomorrow's meeting of directors, when a definite announcement regarding merger plans may be made and special dividend action taken.

Most of the other rail issues, with speculative possibilities, continued to attract buyers. Delaware and Hudson convertible 5s advanced 1 1/2 points and moderate gains were recorded by St. Paul 6s, Louisville and Nashville 5 1/2s, Baltimore and Ohio 5s, and some of the Erie. Shell Oil 6 1/2s rebounding 4 points, led an upward movement in the oils, and independent steels also were firm.

Scattered selling persisted in the foreign group, with both Argentine and Belgian obligations slightly weakened by the recent sharp breaks in the exchanges of these countries.

Following are yesterday's high, low and closing prices of bonds on the New York Stock Exchange:

STOCK VALUES YIELD IN RAID

Market Hit by Sharp Drop in Closing Hour

Merger Rail Group Singled Out for Attack

Van Sweringen Announcement Inspires Selling

NEW YORK, March 16.—The stock market turned suddenly reactionary in the last half hour today, after having shown fairly general strength. The late selling originated with professional traders, who apparently interpreted the announcement that the Van Sweringens had released the stock deposited under the merger proposal as an indication of the proposed abandonment of their plan. Trading was in moderate volume, the day's sales aggregating 1,404,600 shares.

The only other important news of the day was the decision of the leaders of the League of Nations council to recommend the election of Germany into the League until next September. This news did not reach the financial district until later in the afternoon. It had no immediate effect on the European exchanges, which held steady in dull trading. American stocks, however, were affected. The early demand for stocks centered largely in the motor, oil, rail and specialties sectors of 4 to 5 points. Sugar was virtually unchanged and coffee prices were slightly easier.

Call money renewed at 4 1/2 per cent, and remained at that rate all day. Time money and commercial paper rates were unchanged. Weakness of Argentine pesos, which dropped to the lowest level in over a year on selling inspired by unfavorable foreign trade reports and crop prospects, featured the foreign exchange market. Gold prices dropped about 1 1/2 cents to 87 1/2, as compared with the year's high of 89 1/2, and paper yielded fractionally to 85 1/2, or 2 1/2 cents below the 1924 maximum. Demand sterling ruled around 84 1/2 and French francs around 240 cents.

NEW YORK, March 16.—The stock market turned suddenly reactionary in the last half hour today, after having shown fairly general strength. The late selling originated with professional traders, who apparently interpreted the announcement that the Van Sweringens had released the stock deposited under the merger proposal as an indication of the proposed abandonment of their plan. Trading was in moderate volume, the day's sales aggregating 1,404,600 shares.

The only other important news of the day was the decision of the leaders of the League of Nations council to recommend the election of Germany into the League until next September. This news did not reach the financial district until later in the afternoon. It had no immediate effect on the European exchanges, which held steady in dull trading. American stocks, however, were affected. The early demand for stocks centered largely in the motor, oil, rail and specialties sectors of 4 to 5 points. Sugar was virtually unchanged and coffee prices were slightly easier.

Call money renewed at 4 1/2 per cent, and remained at that rate all day. Time money and commercial paper rates were unchanged. Weakness of Argentine pesos, which dropped to the lowest level in over a year on selling inspired by unfavorable foreign trade reports and crop prospects, featured the foreign exchange market. Gold prices dropped about 1 1/2 cents to 87 1/2, as compared with the year's high of 89 1/2, and paper yielded fractionally to 85 1/2, or 2 1/2 cents below the 1924 maximum. Demand sterling ruled around 84 1/2 and French francs around 240 cents.

How Prisoners Have Con-ived to Outwit Custodians

FLEEING MAN SHOT DURING CHASE AFTER JAIL BREAK

Three Still at Large as Result of Escape of Six Amid Rioting; Traeger Suspends Turnkey

One of the three desperadoes still at large following the sensational escape from the new County Jail yesterday by six prisoners was shot at last night by Deputy Sheriff Chapman, he reported and is believed to have been seriously wounded. The injured man answered the description of Robert Wilson, 22 years of age, alias Albert Moran, who was in jail on a charge of highway robbery. The shooting occurred in the Southern Pacific freight yards, where a posse of seventy-five armed men under Sheriff Traeger began a search after the suspect escaped in some brush. At a late hour his trail had not been picked up.

CRIPPLED OFFICER IN HERO ROLE

Deputy Sheriff Osby and Passerby Catch Two Men Without Firing Gun

Deputy Sheriff John M. Osby, who is recovering from the effects of a broken leg suffered several months ago, and who directed the capture of two prisoners, a robbery suspect and Allen Rodway, a forger, were seen by a passerby who saw a group of men garbed in jail denim fleeing in all directions.

"I realized that another jail break had been committed when I saw the prisoners wearing out like bees and got busy," said Osby, who has been working temporarily as a guard on the roof of the jail until his injury heals.

Some fellow whose name I did learn came to my assistance when we managed to capture two prisoners. One of them was shot at the waist while there were so many shots walking along Temple street to shoot meant the post-And hitting some of them, I dropped my gun and ran.

The Thompson caught the four men was of the other side of the street. One of them the Courthouse, and the other Broadway New High street toward the jail.

"I took them to the jail," said Osby. "I have about this place since I broke it or of people have a lot of why I carried a gun with me was just for an old timer's emergency came up, and Glad I had my gun, I couldn't have used it."

Wayne Blanchard, empie is classified advertisementment of The Times.

SHURE AN'DAY'S TH'DAY
Green Rules All as Loy
of St. Patrick's Birthmen Celebrate Anniversary
Affairs and Two Special Mass, Program
Balls in Evening

Today is the day all loyal Irishmen forget they are anything else there will be two grand but Irishmen.
It's St. Patrick's Day, the anniversary of the patron saint of Ireland, the national holiday of Old Erin.
The wearing of the green is in order and thousands of Irish in Southern California, in conjunction with compatriots in all parts of the world, will be sporting shamrocks and green neckties and socks and whatevs, as tokens of allegiance to the land of evergreen hills and dales.
A committee in charge of festivities has seen to it that the celebration will officially begin at 10 o'clock this morning under the auspices of the Ancient Order of Hibernians of Los Angeles county.

WILL ATTEND MASS
High mass will be celebrated in St. Vibiana's Cathedral. The members of the Ancient Order of Hibernians will attend en masse. Shortly before services begin they will congregate in the nave and march into the edifice in solemn procession. Father Concannon, chaplain of Division No. 1, will deliver the sermon.
Various affairs will feature the afternoon's program and in the

Harry Carr
TO KNOW all is to forgive
Even those we have envied.

SOUNDED PLEASANT
And to be frank about it, there are few of us who did not feel envious when the story of E. W. Scripps's yacht home was first published a few weeks ago.

A floating home from which he never went ashore. Just to sit in his library, cabin, and smoke cigars and read and sail on.

TORTURED NERVES
And then the rest of the story came with the death.

A nerve-racked old man—who could endure not the slightest noise. The sailing orders had to be given to the crew in dumb-show. A tortured soul, fugitive from the world, failing in search of peace—but knowing in his heart that there is no port of peace.

Mr. Scripps found what is called success, but he paid an awful price.

FORTY CIGARS A DAY
Some one wrote that the only thing Mr. Scripps enjoyed was reading and cigars. He smoked thirty or forty a day. Nobody enjoys forty cigars a day. Three an hour. One every twenty minutes. Anyone who smokes forty cigars a day is driven to forty cigars a day.

SEEKING ESCAPE
Possibly, in death, we give him now too much pity. Anyone who has shut himself off from the world with forty cigars a day is, consciously or unconsciously, seeking death.

A FAMOUS EDITOR
Oddly enough, another great newspaper editor came to the same end.

Joseph Pulitzer, who created the New York World out of nothing, had the same abhorrence of noise; and he, too, tried to sail away from it on his yacht. Mr. Pulitzer's tragedy was worse. He was blind.

CRINKLED PAPER
One of the managing editors of one of Mr. Pulitzer's newspapers told me of the old journalist's last years.

One of the duties of this editor was to visit Mr. Pulitzer every afternoon and tell him what had been in the paper. He could not endure the noise of crinkled paper, so my friend was obliged to commit the paper to memory.

He said that during his long service he was never once able to do this with complete success. If he made a point of memorizing all the headlines and the main points of all the editorials, the old chieftain was almost sure to ask for something about the want ads.

OL' MARSE HENRY
These old newspaper giants, like Col. Nelson of the Kansas City Star, Pulitzer of the World and Scripps of his great newspaper syndicate, fairly tore their hearts to pieces in their work.

There were two who made the fight calmly. Men who have worked for Charles A. Dana of the great days of the Sun say that it was almost unheard-of for him to lose his temper.

Old Marse Henry Watterson of the Louisville Courier-Journal was a genial soul. His men say that he never knew who worked on his paper. But he would meet some one in the hallway and inquire courteously, "Do you work on the Courier-Journal, young

AUNT HET
BY ROBERT QUILLLEN

"I hate to be suspicious, but everytime we stop to look at a wrecked car I begin to sniff around for liquor."

ESCAPES BEGAN MONTH AGO

Twelve Flee From Jail Since Opening February 7; Seven Still Free and Five Recaptured

Since the occupancy of the jail quarters in the new Hall of Justice on February 7, last, a total of twelve prisoners have escaped. Another was killed in attempting to escape. Seven of the escaped men are still at large and five were recaptured. These figures include the six men who escaped yesterday, three of whom were recaptured, and the three who are at large.

The first escape occurred on February 15, last, when two men, John S. McDonald, alias Robert R. Kelly, 32 years of age, and Elmer W. Hudgins, made their way to freedom through an open fire escape door on the twelfth floor. They are still at large.

Hudgins was being held on a charge of attempted burglary and McDonald on a grand larceny charge. Their escape was never explained by those in charge of the jail. How they made their way to the twelfth floor and how the door happened to be left open never was definitely established.

SP-POON AND FORK USED
The second jail break occurred on the 2nd inst., when four men made their getaway by picking a lock leading to an emergency stairway with a spoon and a fork. It was this escape which precipitated a bitter row between Sheriff Traeger and Supervisor Bean, who was in charge of the construction of the Hall of Justice.

The break between Traeger and Bean indirectly led to an investigation which is now being conducted by the new county grand jury into the management of the jail and into every phase of the construction of the Hall of Justice to place responsibility.

In the escape on the 2nd inst., the following got out: Harold J. Whitaker, alias Jack Gordon, 29 years of age, charged with the theft of \$100,000 worth of bonds from John Osborne, one of the promoters of the Valhalla Memorial Park; Wesley E. Eudy, 21, held for robbery and desertion from the Navy; John A. Murray, 21, grand larceny and assault on a woman; and Fred Dietman, 21, grand larceny.

Dietman and Murray were recaptured several hours later at Belmont.

(Continued on Page 2, Column 6)

BLUE-DENIMED FUGITIVE FLEES ONLY TO ENCOUNTER NEMESIS

A man, garbed in blue denim, the regulation garb for County Jail prisoners, walking down Broadway alone was sufficient yesterday to cause Deputy Sheriff Dewar to get suspicious. He took a second look and recognized the man. That man was Matthew Decker, convicted murderer. A few minutes before he and five other men had escaped from the new County Jail in the Hall of Justice.

Decker also recognized Dewar. When Dewar walked toward him, his hand on his hip as though he were making ready to pull his gun, Decker thrust his hands into the air and said: "Don't shoot. I'll give up." Dewar placed his handcuffs on Decker and brought him back to the jail where he heard for the first time of the jail break.

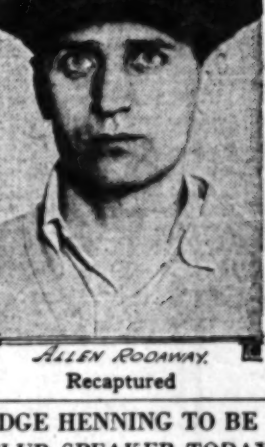

The officer was returning to his

JUDGE HENNING TO BE CLUB SPEAKER TODAY

The guest and speaker at the luncheon meeting of the San Francisco Club of Los Angeles today at the City Club quarters will be United States District Judge Henning. Judge Henning formerly held the post of Assistant Secretary of Labor under Secretary Davis, having charge of immigration matters, and in that capacity, together with the Commissioner-General of Immigration, represented the United States at the International Congress of Immigration in Rome last year. He will speak on that subject.

OFFICER'S DEATH FINDINGS GIVEN

Verdict of Murder Returned by Coroner's Jury

Mail Companion Tells Story of Fatal Shooting

Body of Slain Patrolman to be Sent to Kansas

While police yesterday continued their search for the assassin of Officer Miller, shot Sunday night in a rooming house, a coroner's jury officially branded the slaying as murder by returning a verdict of death at the hands of an unidentified person while in the performance of his duty.

The inquest, conducted at the coroner's office by George A. Fitch, returned its verdict after testimony was given by Officer Christopher, companion of the slain officer, and Officer Smith, who testified he had located the still in the room where the shooting took place.

Four men, arrested by police in the roundup of suspects following the slaying, are still being held in the City Jail. Captain of Detectives Cline declared that the four men still in custody are not the slayer, but that they are brothers and their families are hopeful of locating them in the immediate future.

The four men still in custody are: Earl K. Ray, 34, both of 1014 1/2 Trinity street; Ansonio Jones, 45, of 1907 1/2 South San Pedro street; and John Marchesi, 31, of 217 East Jefferson street.

Officer Miller was shot down Sunday night when, with Officer Christopher, he attempted to raid the rooming house at 448 1/2 West 14th street. The assailant, who fired through the closed door, killed Miller's prostrate body and fled to safety in a hall.

The body of the slain officer will be shipped to his old home in Kansas, Kan., for burial, following the coroner's inquest.

At 10:30 a. m. today, the body will be taken to the mortuary, where it will be prepared for shipment to the undertaker.

Girl Killed as She Darts into Path of Motor

POLICE MEDAL OF VALOR PRESENTED

Widow Given Award Won by Husband's Heroic Conduct

Chief and Commissioner in Ceremony Mrs. Della Klade being presented with decoration by President Birnbaum (right.) Provisional Chief of Police Davis at left.

A POSTHUMOUS medal of valor, awarded to Patrolman Herbert Klade of the San Pedro division, was given yesterday by the Police Commission to his widow, Mrs. Della Klade, of 524 West Eighteenth street, San Pedro. The presentation was made by President Birnbaum and Provisional Chief Davis.

Patrolman Klade was killed while on duty February 8, last, by a bullet from the revolver of an escaping burglar. With his dying breath Klade warned citizens not to attempt to assist him and to keep out of the way of the armed fugitive.

In his presentation speech President Birnbaum referred to this, declaring Klade's self-sacrificing attitude reflected great glory on his companions in the police department.

The medal is the fourth awarded. Two are held by Sgt. Frank S. Harper and Student Detective Oscar Bayer; the third was given posthumously to Patrolman Wyndell E. Smith, victim of Helman Bank bandits.

TO HEAR McDONALD James G. McDonald, chairman of the executive board of the Foreign Policy Association since 1919, will address students at the University of California at Los Angeles on "International Relations" the 26th inst. at 1 p. m. Mr. McDonald is considered an authority on his subject, as he has spent much time both at Geneva and the capitals of Europe, and has been intimately connected with international movements.

Last year he spoke at the twenty-third International Peace Congress in Berlin and through the Foreign Policy Association, he has played a prominent part in the World Court campaign, serving as chairman of the World Court coordinating committee, comprising some twenty large national organizations.

BISCAILUZ GIVES STORY OF BREAK

Tells Women's Club Council How It Happened

Undersheriff Says Turnkey Risked Life in Cell

Blocked Halls Aided Escape, He Declares

BY MYRA NYE "I want to tell this body of women exactly how it happened. I will welcome any constructive criticism you may offer," he said.

Undersheriff Eugene W. Biscailuz appeared before the president's council of the Los Angeles District Federation of Women's Club meeting in the clubhouse of the Woman's Club of Hollywood yesterday.

He was scheduled to speak on the subject: "Law Enforcement and Its Relation to the Youth." He stated that he was so overcome by the event of morning when six prisoners escaped from the new County Jail that he spoke with difficulty.

"The great sorrow of it all," he added, "is that more lives will be taken in all probability before the last three who escaped have been captured. Right now one of the greatest mysteries in the history of the Southland is going on. As we hunt we know we are under fire of public opinion. You women will realize that when you go into a new home you find many things you want changed. So we found that many changes are necessary in the construction of the jail. We had begun on these changes. The corridors were blocked with construction material which in a way made the escape easier. If the escape had been tried one month from now, it could not have been done," added the officer.

He continued to say that keys that never should have been on the inside of a cell were taken in by the turnkey, who, he stated further, took his life in his hands; for he entered a room where there were twelve of the most hardened criminals in the building purposefully separated from the rest because of their hardened criminality. He said that they made their exit through the front door of the jail and were recognized, three being retaken immediately.

Before the undersheriff concluded his talk, Mrs. J. B. Lorbeer, president of the district, announced that preliminary summons called the speaker away. But before he left he said that when mothers would cease to treat their own children as good and only good, and the neighbors' children as bad and only bad, a start would be made toward decreasing the great number of youthful criminals. He told of the two honor camps in the county—the one at Big Pine and one at Camp Hardy, he said, there were fewer attempts at escape than in any penal institution in the country.

There are no guns, have no restraint and there are no guards known to be guards. He said that the situation is so serious that the grand jury just going out of office recommended an increase in the number of these honor camps.

Among the other speakers of the day were Dr. Walter M. Dickie, secretary of the State Board of Health, who said the epidemic of smallpox now declining was foretold two years ago and might have been entirely prevented if precautionary vaccination had been done; Mrs. Mae Carvel, whose subject was "Industrial and Social Relations in Los Angeles County"; Mrs. Stella Atwood, speaking on "Indian Welfare," urged the women to support the two bills for the Indian welfare that are now before Congress, one introduced by Congresswoman Kahn of California; Mrs. Louis J. Gillespie, district chairman of Indian welfare; and Mrs. Katherine Edison who spoke on minimum wage for women.

In referring to the situation in the motion-picture industry as related to girls and women who come to Hollywood for work in the studios she said: "It only every little town in the back country of the United States would keep their queens of the May at home the problem with the help of the new casting bureau would be solved." She added that since January 1, work has been found for these applicants at the rate of less than a day's work, on an average, a woman, for the entire period.

UNIVERSITY GROUP TO BE FETED TODAY

Chamber Completes Plans for Luncheon to be Given Educators

All arrangements for the Chamber of Commerce luncheon to be held in the Biltmore at noon today have been completed, according to A. G. Arnold, secretary and general manager of the chamber, who declared that an orchestra has been obtained by Miss Antonette Ruth Sabel, head of the chamber's industrial music department, to play at the luncheon.

Guests of honor and principal speakers of the day will be: Dr. Max Mason, president of the University of Chicago, and Dr. Ernest Martin Hopkins, president of Dartmouth College.

Guests who will be announced at the luncheon are Dr. Cloyd H. Marvin, president of the University of Arizona; Dr. Rufus B. Von KleinSmid, president of the University of Southern California; Dr. R. A. Millikan, dean of the California Institute of Technology; Dr. E. C. Moore, director of the University of California, Southern Branch; Dr. R. D. Bird, president of Occidental College; Dr. W. F. Dexter, president of Whitlier College; Dr. Victor L. Duke, president of the University of Redlands; Dean Wallace B. Donham of the Harvard graduate school of business administration of Stanford University; Prof. Hatchkins, Michigan School of Mines; W. H. Harris, president of the Ogden (Utah) Chamber of Commerce; Mrs. Susan M. Dorsey, superintendent of Los Angeles schools; Robert A. Odell, president of the Los Angeles Board of Education, and Dr. Weyland Vaughn, director of Scripps Institute at La Jolla.

Seven Smallpox Cases Reported Over Yesterday

Seven new cases of smallpox were reported in Los Angeles between midnight Monday and 5 p. m. yesterday, according to City Health Officer Parrish. Related reports of two cases which occurred late Monday were made yesterday, making the total for Monday five cases. Health department records show that four cases were reported Sunday.

There have been 132 cases reported this month, making the total for the year to date 666 cases. Last week's total was forty-eight cases. Totals for preceding weeks were sixty-one, fifty-five, 113 and 112 cases, respectively.

THE LANCER

(Continued from First Page) man?" On receiving an affirmative answer he would say: "Well, will you do me the honor to join me in a cocktail?"

Turnkey Frees Injured Guard Locked in Cell

Roy C. Ernst, a turnkey, was busy on a floor above when the six prisoners escaped from the County Jail yesterday.

"I heard somebody yelling about prisoners getting out of jail," Ernst said, "and dropped my work to find out the trouble. I ran down to the floor and was attracted by the cries for help again. I managed to locate the direction of the cries and ran to tank 11-F-1. The first thing I saw was Turnkey Daniels standing at the door with blood streaming down his face. I also saw his keys on the floor."

A sign of comfort and economy

ENDLESS comfort and ultimate economy—these are pledged to the home builder by the G. E. Wiring System. Complete from entrance switch to outlet; one system built by one company; modern design and quality materials—permanence is the sure result. Invest on this electrical installation in your new home!

Rely on a "Check Seal Electrical Contractor for quality workmanship in the unseen places within your walls. Ask him to install the

WIRING SYSTEM —for lifetime service

Before he can use the "Check Seal to secure your confidence he has proved to us by his standards of workmanship and by the character of materials used, that he deserves this confidence.

Mary Brooks Picken

Spring Dressmaking Exposition

A thoroughly helpful sewing event is being offered in special settings, and with special attractions

All This Week

Women who sew will find this one of the most remarkable events of the kind they have ever attended. At each session a complete dress is cut out, assembled, fitted—while each step is explained by an expert from the staff of Mary Brooks Picken, dress-making editor of Pictorial Review.

Program Today

- at 10:30 A. M. The Season's fabric that may be worn becomingly by the larger figure. Cutting and fitting a soft silk tailored frock.
- at 2:30 P. M. How to handle your fitting problems. Cutting and fitting the Princess Frock.
- Thursday at 10:30 A. M. Using bordered fabrics effectively. Cutting and fitting a dress of bordered fabric.
- at 2:30 P. M. Designs suitable for the larger figure. Cutting and fitting a dinner dress for the larger figure.
- Friday at 10:30 A. M. Frocks for the school girl for every day and for gala occasions. Cutting and fitting a dinner dress for the youthful figure.
- at 2:30 P. M. Adapting the cape to different types of figures. Cutting and fitting the smart cape.
- Saturday at 10:30 A. M. The versatility of the sports dress. Cutting and fitting the sports frock.
- at 2:30 P. M. Smart summer clothes for business wear. Cutting and fitting a tailored slender line frock.

Come to our fabrics department and see these wonderful demonstrations!

ST. PATRICK'S DAY
A SONG OF THE GAI
(To an ancient Irish
ing the old, old song, the gl
ous song,
The lay of the ancient Ga
those deeds are themes for
gels' dreams,
Oh, hall to the ancient Ga
sad complaints of the l
Saints
It made the nations weep;
rki! The voice of song, now
and long,
awakens the dead from sleep.
a sad, sad song, but a glorious
song,
The cry of faith and trust,
a living song, and it won't
long
The Gael shall rise from the
dust.

NEAR EAST RELIEF HEAD VISITS HERE

Van Raalte Hose For Easter
YOUR choice of chiffon, all-silk and lisle top; or the medium and heavy weight silks.
Van Raalte Hosiery needs no recommendation to wise women.
It is noted for its beauty, and for its durability, as well as for the diversity of popular shades in which it may be had.
\$1.65 to \$3.25 pair
(Main Floor—Coulter's)

Let Miss Ann Douglass Tell You About Goodwin Corsets
SHE is a direct representative of the factory making these distinguished corsets, and will gladly assist you in choosing the model of one or the other that will bring out your most graceful silhouette, with comfort. Of course her advice is without charge—take advantage of it.
(Fourth Floor—Coulter's)

Healey Asbestos Mats Reduced 1/3
THE latest and best protective covers for fine table tops; from a reliable maker, in four grades—
The Liberty Mat
The Victory Mat
The de Luxe Mat
The Super Green de Luxe Mat
Orders will be taken for individual measurements if we have none to fit your requirements in stock. Illustrative of the price-cuts—a 45-inch round Liberty Asbestos Mat will be \$3.67; others in proportion.
(Second Floor—Coulter's)

Squares Hemmed Free For Babies
A SERVICE mothers appreciate and avail themselves of each Wednesday:
Cream Flannel—27 inch width, all-wool, yard \$1.00
White Sherrette—36 inches wide, yard .50c
White Batiste—36 inch width; sheer and fine, yard .50c
White Twill Outing—27 inch; soft and fluffy, yard .20c
(Second Floor—Coulter's)

Buy Babies' Gifts For Easter Here
NOBODY ever thought of seeing "cunning" things for babies' Easter remembrances than are here right now!
Novelties—in ribbon cap bows and carriage bows; coat and dress hangers; feeding clocks; feeding plates; teething beads; snapshots; rattles; Tinker Toys—these are just a few of them.
Infants' Coats—of crepe de chine, crepe, wool poplin and cashmere; \$5.95 to \$25.00
Wife Unrelenting, MAN SEEKS DEATH
Herbert Horton, 44 years of age, a mechanic, roomer in the home of his wife from whom he was separated, 4303 South Hoover street, took poison yesterday and died, according to a police report. Officer Schanz said Horton left a note asking his wife's forgiveness and said her refusal of his attempts at reconciliation had driven him to the step. Horton was treated at Receiving Hospital by Dr. Dora.

YOUNG MURDER STORY REVIVED

Will be Exploited in Suit Over Estate

Grogan Wins Point Against Doctor's Assignees

Court Refuses to Strike Out Slaying Allegation

Several angles of the trial of the late Dr. Thomas W. Young for the murder of his wife, Mrs. Grace Grogan Young, will be revived in the Civil Department of Superior Court under a ruling made yesterday by Judge Hanby. The ruling was given in connection with a suit brought by Charles Patrick Grogan, son of Mrs. Young, to enjoin Lewis D. Collins, John R. Cooper and George H. Shreve, attorneys, from sharing in the estate of Mrs. Young.

Under the terms of her will, Mrs. Young decreed a one-fourth residuary interest in her estate to her husband. According to young Grogan's complaint, his stepfather, Dr. Young, assigned this interest to Collins in behalf of the defendants in return for services the defendants were to render Young in his trial on a charge of murder.

Dr. Young committed suicide in the County Jail August 23, 1925, while he was on trial. Young Grogan charged in his suit that Dr. Young strangled himself with a wire which had been caused to be delivered to him by Attorney Cooper.

Attorneys for Grogan asked that the defendants be adjudged to hold the assignment in Mrs. Young's estate in trust for her son. The complaint asserted that it would be contrary to public policy for the assignees of the man charged with the murder of Mrs. Young to participate in the distribution of her estate.

The defendants had filed a motion to strike the allegations from Grogan's complaint referring to the asserted murder of Mrs. Young and had also demurred to the suit on the ground it did not constitute a cause of action, but Judge Hanby ruled in favor of Grogan. The defendants were given ten days in which to file an answer to Grogan's suit, after which the case will be in a position to be set for trial.

FARM ADVERTISING URGED

Ex-Governor McKelvie Tells Club Use of Publicity in This State is Step in Right Direction

The value of advertising in the distribution and fair prices for farm products were emphasized in an address given before the Advertising Club at the Biltmore yesterday, the speaker being Samuel R. McKelvie, editor of "The Farmer" and former Governor of Nebraska.

"Advertising is the handmaiden of success in agriculture as in other industries," said Mr. McKelvie. "That the value of publicity is appreciated by the farmers and distributors of California is evidenced by the increasing sale of your products in the East. When I dine at the Biltmore in New York I am served with apples, the choicest fruit and other delicacies from the Golden State."

The farmers' problems will not be solved at Washington, but by the farmers themselves," continued the speaker. "Many problems in production will have to be solved by the agriculturists. We are raising a superabundance of certain crops and an insufficiency of other commodities. We need diverse activities and we need to create a market right at home for all the products of our land."

Calling attention to the cartoon in yesterday's Times entitled "Another Vanishing American?" the speaker said that while it is true the old-fashioned, stoop-shouldered farmer is vanishing, there will ever be a place for the up-to-date farmer with his better methods and standards of living, with his fine health and strength and his constant contribution to the welfare of society.

"The farmer's home will always be the last citadel of American independence at its best," said Mr. McKelvie.

The meeting was presided over by Irving Smith, president of the club, with W. B. Gelsinger as chairman. A musical program was given by Miss Irene Stone, soprano, accompanied by Esther Larette at the piano. Don Thomas, secretary of the club, announced that the speaker next Tuesday will be C. W. Nash. Another speaker was Randolph Von Nostrand, who urged the members to attend the Mail Order Advertising convention to be conducted at the Ambassador April 7, 8 and 9.

EMPLOYERS RECEIVE CALL

Long Beach Organization Plans Session on April 2 to Form Southland Open Shop Unit

Employer interests in twenty Southern California cities are invited by the Long Beach Employers' Council to participate in the formation of a Southern California employers' conference at the Hotel Virginia, Long Beach, April 2, next.

A closer affiliation among the communities of this district in employment relations," is the object of the conference. It is stated in the call for the meeting.

The intensive drive undertaken by the American Federation of Labor to organize the employees of surrounding territory closed-shop—that is, completely unionized—is understood to have precipitated the move the employers toward cooperation for protection.

"We believe the open shop to be fundamentally right and very largely responsible for our industrial development," says the call, "and we wish to continue our better industrial relations between employer and employee and to continue a square deal for both."

Santa Barbara and Santa Ana

DANCE FIGHT AGAIN STIRS COUNCILMEN

Effort to Remove Words 'All Night' From Text on Ballot Defeated

Inclusion of the words "all night dancing" in the wording of the Venice Sunday dancing question on the April 30, next, ballot brought about a warm over the City Council floor.

Councilman Hughes moved a reconsideration of the wording. It was seconded by Councilman Moore.

The proposition, as framed by City Attorney Stephens, asked the forthright question of whether the city should permit the use of Sunday dancing in Venice, but Councilman Hughes succeeded in interpolating the words "and all night," which proponents of the measure said would insure its defeat.

Mr. Hughes said he believed the substitute wording originated in Venice residents who wish the Sunday restriction on dancing removed.

"I am opposed to Sunday dancing," he said, "and I wish to see the measure defeated, but not by these mean and underhanded tactics as it now stands, is unjust and unfair. Venice did not petition to dance all night."

Councilman Hall, who has led the fight for Venice dancing, said that even should the measure be adopted, the Police Commission still could restrict the hours of dancing, as it could act in the interests of the public welfare.

The motion for reconsideration, when it came to a vote, lost 8 to 7. President Workman and Councilmen Hughes, Moore, Hall, Barnes, Colden and Cresswell, who voted against the interpolation of the substitute wording on Monday.

Lodger Sought in Wounding of Man Next Door

Police of the Wilshire station were seeking last night for two suspicious occupants of a room at 1663 1-2 South Normandie avenue to learn the origin of a bullet which crashed through a wall in the house, in the right leg, Zyll, who is 55 years of age, and a gardener, when he was shot in the chest and injured. He was treated at Receiving Hospital.

The landlady of the house said she did not know the names of the roomers from whose room the ball came, but declared one of them had explained to her he was cleaning a pistol and it was discharged accidentally. He then jumped into his car, saying he was going for a doctor, but failed to return.

Pasadena Bus Fare Rise Again Before Board

The Pasadena bus fare question came before the State Railroad Commission again yesterday when the Pacific Electric applied for a rehearing and asserted that the commission has jurisdiction of the street car and bus fares, even though they are not operating under a certificate adopted from the commission.

The commission was asked by City Attorney Howard of Pasadena, and at his request Commissioner Seavey directed the case to April 1, so that he may examine the papers filed by the railroad yesterday.

The Pacific Electric is seeking to increase street car and bus fares to 7 cents from 6. The previous application for the increase was denied on the ground that present street car fares gave a return of 6 per cent, and that bus fares are entirely up to the city government of Pasadena.

SLAVEY NOW CAST IN FLAPPER ROLE

Louise Fazenda

Louise Fazenda, a flapper! The comedienne now is giving her first flapper to the screen in "Miss Nobody," with Anna Q. Nilsson in the name role, which Lambert Hillyer is directing for First National.

She is a naughty flapper and wins by her actions a rebuke in a subtle and moralizing reflection on her kind of woman.

The past year has witnessed a variety of roles for Louise, who has played a number of exotic characters, including a Spanish, French and an oriental type in Paramount productions, the first two calling for most elaborate costumes; four contrasting roles in Warner Brothers' productions and two distinctive servants in "The Hat" and "The Old Soak."

FILM TRIO IN GREAT EFFORTS

Griffith, Cruze and Brenon Ready to Begin Work on Their Masterpieces

Three of the outstanding producers in the film industry are preparing for the most stupendous undertakings of their careers. They are D. W. Griffith, James Cruze and Herbert Brenon.

That they are well fitted for the task is proven by the fact that each has been responsible for at least one outstanding milestone in the history of motion pictures. D. W. Griffith advanced the film art many years with his "The Birth of a Nation," James Cruze made "The Covered Wagon," the picture which won the photoplay medal as the best production of 1923, and it was Herbert Brenon who achieved international fame with his "Peter Pan."

Mr. Griffith has already begun "The Sign of the Cross" in Paramount Long Island studio. Within the next month Mr. Cruze will begin the production of "Old Ironsides," historical story of the early American Navy and the frigate Constitution, and Herbert Brenon is preparing to leave for a desert location near Yuma, Ariz., where a camp has been established to house thousands of men for the Foreign Legion scenes.

Carrie Daumery Overcomes Late Start in Films

Carrie Daumery, who made a success as the glamorous Duchess in "Lady Windermere's Fan," is an example of what can be done with a late start in moving pictures.

She proves that youth is not the only lever to raise one high.

Four years ago this courageous Belgian woman came to Hollywood as a refugee with her son, Jean, now a technical director with Rex Ingram in Europe. She joined the crowd of extras at the foot of the ladder, until Ingram gave her a small bit and then she advanced to playing court ladies.

Lubitch raised her to prominence as the lady-in-waiting in "Furibondage." She played the role of a French noblewoman in "The Sign of the Cross."

For her work in her recent opus she has been rewarded with an important comedy part in "Paris in the Spring," the picture of Balzac's "Pere Goriot."

Louise Fazenda to Take Part of Genus Flapper

Louise Fazenda has had to turn her serious mind to the consideration of the genus flapper.

Playing one in "Miss Nobody" for First National, the comedienne has let the pursuit of comparative religious lapse as well as other weighty subjects and has waded through some frivolous fun in which the flapper is at her frankest.

She has been heeding her even to discover the flapper in the flesh. Her complaint is that she must have looked in the wrong places.

NOVEL ST. PATRICK'S FETE AT GLACIER

Pirates hold will roam the ice instead of the high seas at the Glacier Ice Palace tonight, with a practical pursuit race scheduled as the main feature of the St. Patrick's Masked Carnival to be held at the new rink.

The pirate race is but one of the numerous features planned for First National, the comedienne has let the pursuit of comparative religious lapse as well as other weighty subjects and has waded through some frivolous fun in which the flapper is at her frankest.

She has been heeding her even to discover the flapper in the flesh. Her complaint is that she must have looked in the wrong places.

RESIDENT OF LIMER OF FINE HERE

New York Financier With Interests Below Border Has Praise for Calles

Special Americans in Mexico hold special fear of recent legislation in the southern republic or for the situation following the border, Mr. Quigley, president of the El Potosi Mining Company of Chihuahua, Mex., who is spending a winter's vacation in Los Angeles, while Southern California has an especial appeal to Mr. Quigley, he will return to his New York headquarters in about a week to maintain entry into active administration of the Howe Sound Company, of which organization the Chihuahua mine is an operating company. Mr. Quigley is also president of the parent organization, the El Potosi mine is said to be the largest silver mine in Mexico and is a producer of more than 75 years' standing.

Speaking of the general situation in Mexico, Mr. Quigley declared that President Calles is an entirely capable man and that other than government officials in the city have always shown themselves as desirous of co-operation with American enterprise. Mr. Quigley said that he has always found the Mexican officials to be of good feelings and to be conversant with the needs of the operators for the mutual benefit of the individual companies and the government.

Common with other Americans operating in Mexico, Mr. Quigley has no fear of the general situation. Administration of all business is handled fairly and equitably by the Mexican officials and the general spirit is of full cooperation.

During his visit in Los Angeles, Mr. Quigley has been an active participant in the local business of the advantage of the country and speaks of the splendid courses but in the neighborhood of weather for play.

OF THE THE MARVEL OF HOUSTON

Former Cabinet Member Visit Here Amazed, He Is, by Development

It is simply impossible to keep Los Angeles. The thought is similar with the growth it is and after a day's visit here absolutely amazed at the evidence of this side.

It was the statement made by David F. Houston, Secretary of Agriculture, Secretary of Navy and holder of various other government offices, who the Wilson administration, Houston is now financial vice-president of the American Telephone and Telegraph Company and president of the Bell Telephone Company. During his visit here, he has taken a automobile trip through the city by telephone officials. Last he was honored with a reception by the Southern California Telephone Company.

During the period of my service in Houston I came to know him personally and I have since myself thoroughly acquainted with the city. But today I have not found my way and I can honestly say that I have seen a greater development here than is shown in Los Angeles.

Houston has been in San Francisco conferring with telephone officials at that city and is attending a conference on the part of the Stanford University graduate school. He leaves this morning for Los Angeles by way of Tucson, where Houston is visiting.

LOS ANGELES HARP WOMAN TRUMENT

Salzedo, Arriving International Festival Here, Comments History

and, playing before King had a 1924 model harp, probably have succeeded in dispelling the grouchy reception for the harp is an instrument of possibilities that none competes with it for tonal according to Carlos Salzedo, New York, president of the Association of Harpists, who arrived at the festival, is here to present the six annual festival at the Philharmonic tomorrow night. Mr. Salzedo said the festival will be an unusual event for Los Angeles.

Mr. Salzedo is the world's oldest harpist and is a pianist of the same rank as a pianist. He enjoys as a harpist and is a pianist. He is recovering his extraordinary possibilities.

Salzedo, the French harpist, has been in the United States for some time, which has been his popularity ever since, during the last fifteen years he has been found as the most notable of a greater number of variations than other harpists. There are more than 1500 harpists in this country and their constantly growing.

Sidestepped Death

C. Death, able instructor of Patterson, N. J., rose to the rank of superintendent, all his years and in spite of his age he told him never hope to go farther. Officials then complimented him on his achievement. He had told him of his achievement, especially in the financial field, he applied for a change and was

MEXICO DEATH
INQUIRY URGEDHuntington Park Chief Asks
Sweeping InvestigationTia Juana Authorities Deny
Beating AdministeredAutopsy Findings Scoffed at
by Members of Party

Chief of Police Williams of Huntington Park yesterday sent a telegram to Congressman Linberger at Washington, requesting him to use every effort to have a searching investigation made into circumstances surrounding the death at Tia Juana, Monday, of Carl Reynolds, the charming, colorful, and former Exalted Ruler of the Syracuse (N. Y.) Elks Lodge.

Williams telegraphed the Congressman after learning that Tia Juana authorities have officially announced Reynolds came to his death as a result of heart disease. "I refuse to accept this finding," declared Williams, who for many years has been a close friend of Reynolds, having known him since Syracuse before coming to Huntington Park. "The Mexican officers' only witness apparently is Joe Brown, who was with Reynolds' car, and who is being held in the Tia Juana jail. No Americans have been permitted to talk with him from within the American consulate, and his statements are directly contrary to those of Mrs. Reynolds and Mr. and Mrs. Charles Seville, who were members of the party making the trip to Tia Juana."

BODY RETURNED OVER LINE
Following an autopsy conducted by Mexican surgeons yesterday morning the body was permitted to be taken across the border. Sam Easterday, a Huntington Park undertaker, left for Tia Juana last evening, expecting to bring back the body this morning. Funeral plans for the lodge man will then be announced.

The Tia Juana authorities announced last yesterday that Joe Brown will be held until he can make a deposition concerning Reynolds' alleged illness. Brown already has stated, the officials said, that Reynolds suffered from heart disease and took several doses of medicine while drinking in Tia Juana Sunday night—late in the evening the two were in a hotel and engaged a room, going to bed at noon, the officials assert.

Reynolds awakened in the night. Tia Juana officials said Brown told them, and complained of being ill. A little later he died.

BEATING DENIED
The Mexican authorities also made vigorous denial that Reynolds and Brown had been placed under arrest following an automobile collision Sunday afternoon or that Reynolds was beaten by Mexican border officers also were reported to have said Reynolds was not beaten.

Mrs. Reynolds and Mr. and Mrs. Seville, however, continued to insist yesterday that both Reynolds and Brown were arrested by Tia Juana police and thrown into jail. They said they were starting for the border at 2 p.m., Sunday when their car, with Reynolds at the wheel, collided with another automobile. The Mexican officers rushed in and arrested Brown, they declare, and later arrested Reynolds, who they attempted to argue with them. After the two men were placed in the Tia Juana prison, Reynolds and Seville decided to drive back to Huntington Park and place the plight of Reynolds and Brown before Chief Williams. They did so. The announcement of Reynolds' death to them as a complete surprise because they had been in excellent health. None of the party had more than one glass of beer during the day, they assert.

BILLION NEW
DISTRICTING
AUTHORIZEDReapportionment Group
Will Draft Measure for
Legislative Purposes

The All-Parties' Reapportionment committee, meeting at the Hotel Clark yesterday afternoon, adopted a resolution authorizing its legal committee to prepare an initiative bill for reapportionment of the State for legislative purposes.

The draft of the bill will be submitted back to the All-Parties' Reapportionment committee for consideration and approval. The members of the committee are William H. Anderson, Charles Elliott and W. Fleet Palmer. Ralph Arnold, a member of the executive committee, also was present before the Republican County Central Committee was authorized to act with the legal committee.

Dr. George F. Boyd, chairman of the general committee, presided at yesterday's meeting.

Witwer Wins
Opening Tilt in
Suit on Lloyd

H. C. Witwer's suit against the Harold Lloyd Corporation for \$250,000 demanded as damages for asserted "piracy" of one of Witwer's stories will have to be tried on its merits, Judge Holtzer ruled yesterday when he handed down an opinion overruling a demurrer of the Lloyd company and asserting.

Witwer, in his complaint, charged that after Lloyd had refused to buy "The Emancipation of Rodney," which had been submitted for sale, he had produced the picture "The Freshman," appropriating the motive and theme of the plot of the Witwer tale.

Judge Holtzer, in a studied opinion based on numerous cases, found that it is not necessary for an author, charging piracy, to appropriate the motive and theme of the plot of the Witwer tale.

ALIEN SUSPECTS
TAKEN OFF SHIPNine of Tanker Crew Being
Held for InquiryFace Charges of Service in
Coastwise TradeWashington to Render Final
Decision in CasesLocal immigration officers
nemesia to aliens, swooped down on
the tanker Bohemian Club, in yester-
day from North Pacific ports,
and took off nine members of the
ship's crew, who are detained at
this port under suspicion of un-
lawful entry into the United States.

The men are Heinrich Urruh, Gustav K. Stophach, Herman, Stolz, Fritz Gruebel, Edward Stolz, Thomas, and Edwin Groger, believed to be of German, English and Portuguese nationality.

It is understood the men signed on the ship in Philadelphia, whence the vessel came prior to her coastwise trade. The latter made under charter to General Petroleum. She is operated by the Atlantic Refining Company, and is now loading at the Union Oil docks for P. S. Atlantic Coast.

The vessel has refilled her complement of personnel and is expected to depart east today.

Under the law, foreigners are forbidden to sail in the coastwise trade. The law will be given a hearing before local immigration officials and their cases reported to Washington for deportation or other disposition.

EX-WAR SECRETARY
DUE ON HAWAII LINE
